AMERICAN EAGLE PLANE IS ORDERED FOR SPRING BY M. I. T. FLYING CLUB

Engine develops a speed of 100 miles per hour

American Eagle Plane Which Will Become Property of M. I. T. Flying Club in April

Here is your chance to air your views a way to learn

In this copy of the Tech you will find a questionnaire asking for your views on courses now included in the curriculum of the Institute. As stated in our editorial column our motive for issuing this insert is to get student a chance for revenge but to present the faculty and student opinions of postgraduate courses in courses which are most subject to undergraduate criticism.

If there is no room enough for comment on the front of the sheet, turn it over and write on the reverse side. Do not criticize two subjects on the same questionnaire; if you criticize more than one subject obtain another questionnaire.

(Continued on Page 4)

An American Eagle Airplane has just been ordered by the M. I. T. Flying Club. The Club desires to place the plane in the air as soon as possible, so it could not be reached in the media. The announcement was made at a regular meeting of the club on Monday, April 7. The plane has a cruising speed of two miles per hour and is capable of reaching a height of 100 feet in two minutes. The engine is the Franklin with dual carburetors, Franklin propeller, Franklin radiator and Franklin hydraulic undercarriage and a streamline fuselage.

The plane will be flown by Captain T. E. Farquhar, the instructor of the Flying Club, and will be fitted with an 100 horsepower engine and a 100 horsepower motor which will be installed in the fuselage. The plane is scheduled to be completed by the end of April and will be ready for its first flight in May.

Prep Night will be held in March

Intramuray Conference Is In Favor of Plan

In accordance with a plan which was passed at the recent Intramural Conference, the plan to hold a "Prep Night" on Friday night is now in effect. This "Prep Night" will give men from various organizations around Boston a chance to see some of the things of the way in which things are done around the Institute. The "Prep Night" will be held at a time and place to be determined by the Tech Committee.

The "Prep Night" has received the active support of President Stratton, and the request for such a night has been made at the Institute Committee. As a result, the "Prep Night" has been given the go-ahead by the Tech Committee, which means that it will be held on a regular evening.

The Tech Committee has decided to hold such a "Prep Night" on a regular basis, and it is hoped that it will be continued in the future.

Postpone Soph Tea

In Favor of Plan

Professor Barker postpones Soph Tea

On the issues of Soph, Barker, the Sophomatic, the Sophomates, etc., which were brought up by Prof. Draper at the last meeting, it was decided by the Sophs to postpone the Soph Tea until the next meeting.

The Soph Tea was scheduled for April 25, 1937, and orders will be taken during the next meeting. The Sophs are to be entered into the Sophomatic, the Sophomates, etc., which were brought up by Prof. Draper at the last meeting, it was decided by the Sophs to postpone the Soph Tea until the next meeting.
