NEW FRESHMAN CREW BOATED SATURDAY
M. I. T. RIFLE TEAM TAKES SECOND IN INTERCOLLEGiates

First Freshman 150's Swell Total of Regular Crews to Nearly Dozen

Handicapped by unexpected high winds which spoiled an otherwise perfect day for rowing, Coach Haines abandoned his plan to hold Time trials over the mile and one-half course late Saturday, and, instead, sent his crews upstream for their work-out. There were eight shells and the tub four on the water, in addition to the training barge. Besides the regular shells, there was one new eight, the first freshman hundred-and-fifties going on the water in their own shell for the first time. The newly formed third varsity filled in the ineligible boat, as several members of the third boat were rowing with the varsity and jayvees.

The crews have been more than holding their own with the Varsity and it looks as though the coach has begun to hit upon some excellent working combinations of the men. In one section of the training, the varsity boat based on the oars so well to please that Coach Haines himself has put the best combination any of his crews for the intercollegiate races, and Berthelot, Booth and King, have introduced a new feature which is the Freshman crews yet another secret to set upon the jayvees and out of the race.

Varsity Out of the Picture
