FRESHMEN HEAR COURSES FROM PRESIDENT STRATTON AND HEADS OF DEPARTMENTS

URGE ALL MEN TO MAKE THEIR FINAL CHOICE WITH CARE

Engineering, Scientific, and Business Courses Explained

MEETING WAS YESTERDAY

All of the courses at the Institute are thoroughly reviewed and studied at this meeting. The courses are divided into the following groups: mechanical, electrical, chemical, civil, and aeronautical engineering, mathematics, physics, applied chemistry, chemistry, geology, and geophysics. President Straton pointed out the importance of making a study of the various courses so that they would choose ones that were the most efficient.

Prior to Professor R. F. Miller '26, head of the Mechanical Engineering Department, the various engineering courses at the Institute were made known to the students. This loss was

I'llatch with Vermont. This loss was
