INQUIRY WILL GET STUDENT OPINION

All Are Requested to Answer Questionnaire - A First Two Years

(Continued from page 3)

The importance of the inquiry is, we think, last for the last two years. Professor But, if some have not answered the inquiry, we are interested in knowing what you are doing now. It is not meant to be a new enterprise, but an attempt to bring the data before the students themselves and to give them an opportunity to express their opinions on the different aspects of the inquiry.

However, this is not the first time the members of the committee in charge of the "Student Inquiry" have had a study of conditions at other schools, and will present the same information in a different form. The information will be obtained from the inquiry in the future, but in this, the first edition, it is hoped that at a point in the story, this definite action will be taken by the faculty and student government for the betterment of present conditions, giving the inference a more universal atmosphere.

All this work has been done by a committee of three seniors and four juniors, appointed as a sub-committee from one of the groups interested in this work. Frederic D. Estes, John R. Harris, and W. I. Chamberlain, are the group who have done the inquiry work. It is expected that the inquiry will be distributed to the faculty and student government for the betterment of present conditions, giving the inference a more universal atmosphere.

Section Leaders Meeting

A meeting of the freshmen officers and section leaders will be held in room 415 on Monday afternoon at 3 o'clock. This is a very important meeting and all officers and section leaders are urged to be present.

What to see in BRITAIN

The best college in Cambridge is now famous.

Tours of history and development have improved world-wide. American life.

You will understand the better social changes in America and Scotland through the courses of study.

How about putting your hair in the middle, donning a roll-mop sweater, and asking the Coach to come out and play "Guards Back?"

All "out," and so are the old hard heels. Life has more speed and spring and come-back to now. That's why triple-threat young prefers rubber heels.

Resilient, stylish Good year Wingfoot Heels. They cushion away the jolts and jars of walking. They last like "easy payments." And they are good style everywhere. How are they liked? More people walk on Good year Wingfoot Heels than on any other kind. On a minute—at your kindly shoe repairman's. There's an idea—new Good year Wingfoot Heels today!
