AERO CLUB AT LECTURE

Visitors Inspect Boston Airport and Technology Wind Tunnels

Boston and New England will see airplanes flying without motors before the summer is out, according to John Russell '28, chairman of the Institute Committee on Airports and Aeronautical Engineering, who inspected the Boston Airport Monday in the company of President John B. Stoughton, members of the Aeronautical Engineering Department, and several students from both the Amherst and Harvard classes.

The tour ended at the Tech airport, where a group of students gathered to welcome the visitors.

The group discussed the progress being made in developing gliders and other aircraft.

Dr. Stratton To Address Group

Dr. Stratton, head of the Department of Mechanical Engineering, will speak on the subject of "Dartmouth College" at the meeting of the Institute Committee on May 12.

The meeting will be held in the room of the Engineering Department.

SODGICK BIOLOGICAL SOCIETY MEETS IN EMMA ROGERS

Room Tuesday

President Stratton will speak to the members of the Sodgick Biological Society in the Emma Rogers room.

The meeting will be held at 8 p.m. in the Emma Rogers room.

T. A. A. OFFICE WEDNESDAY

The T. A. A. office will be open on Wednesday at 5 p.m. for the benefit of the students.

OFFER FELLOWSHIPS TO M.I.T. GRADUATES

State College of Washington Will Make 25 Awards

According to a recent announcement, the State College of Washington is offering 25 teaching fellowships to qualified graduates of M.I.T.

The fellowships are available to graduates who have completed at least one year of graduate study.

The fellowships include a stipend of $2,000 per year, paid in two equal installments.

OPPORTUNITY TO TALK TO BULL-SESSIONERS

Professor R. C. Girler, Professor of Psychology at M.I.T., will be present at the meeting of the Institute Committee on Tuesday night to give a talk on the subject of "The Psychology of Creativity." The talk will be held in the room of the Psychology Department.

The talk will be open to all members of the Institute Committee and to any students who are interested in the subject.

The talk will last for approximately one hour.

"PUBLIC UTILITIES" TOPIC OF LECTURE

Mr. J. K. Nash, of Boston and Waltham, will deliver a lecture on the subject of "Public Utilities" at the meeting of the Institute Committee on Tuesday night.

The lecture will be held in the room of the Electrical Engineering Department.

Mr. Nash is a well-known expert in the field of public utilities and has written extensively on the subject.

The lecture will last for approximately one hour.
