After a long hard winter of intensive training on the boards, the men of Tech Field Saturday varsity crew showed some fine performances despite the stiff breeze that came in from the Charles. The outstanding performances were made by Bob Black, a freshman, and Ben McCarthey in the javelin throw, and Phil Benjamin in the high jump.

In Saturday's meet the men were handicapped by the wind, and the results were not in favor of Tech. However, the outcome of the meet was not important. It is the process of conditioning the men that is important. The main point of the competition is to find out where each man stands against the others. This is the ideal place for the men to find their position and what they are capable of doing. It should be the main goal of each man to improve himself. The meet can be considered successful if the men improve their own performances.

The varsity crew showed some fine performances in the first meet of the season. The first meet was held at Tech Field next month. Colonel Horton's team won the meet, and the rest of the teams were Tech Field, South Street, and Northeastern.

The meet included a dash of 180 yards, a 100-yard dash, a 100-yard hurdles, and a 400-yard hurdles.

**POLO CLUB DEFENDS CAVALRY HORSEMAN**

Playing one of their best games of the season, the Polo Club defeated the Fourth Squad C of the Cavalry Horsemens' Association by a score of 4 to 1. Both teams played an outstanding game of polo, and the cavalry's two goals were conceded in favor of Tech, who dominated the game with sharp handling of the ball. The cavalry, on the other hand, showed great promise and ability, and the game was a great delight to the spectators.

**POLO CLUB LEADS JAYVEES BY THREE LENGTHS ON HENLEY COURSE**

Results of the season's first time trials at the Charles river held yesterday afternoon after the varsity crew had defeated the Jayvees on the Henley course on the Charles. The race was won by Tech in the regular starting line at the Mary's Bridge. At the end of seven miles, both crews were a couple of tenths of a mile ahead of the field, and Tech was well in the lead at the finish.

The two Harvard crews have been working hard for the next race, which is to be held on the Charles next week, and it is expected that they will show good form in the race. The crews are working on the course every day, and it is expected that they will be well prepared for the race.

**FENCING PROGRESS SHOWN AT TOURNEY**

Intercollegiate Event Marked By Keen Boats

The great strides made in intercollegiate fencing in the past few years were clearly shown by the Issurudour of the fencing to the annual tournament held at the Hotel America in New York City in November. Robert B. Thompson donated $10,000 to the fencing team, and a grand total of $10,000 was raised by the fencing team to support the team.

At the tournament, the best team in the country was declared the champion of the nation. The team was composed of the best fencers from the country, and it was expected that they would show their best form in the event.

---

**SPORTS DESK**

Things are looking well at the Harvard crew, after a tough week at the races on the Charles. They are making great strides and have almost achieved the best combination in the country. They are preparing for the varsity race this week, and it is expected that they will show good form in the race.
