PUBLIC CAN SEE INSTITUTE INDUSTRY TODAY

Illness Prevents H. M. Crane From Talking At S. A. E.

H. C. Hotell to Replace Him in Talk on The Future of Gasoline

Due to illness Henry M. Crane, chief engineer of the American Automobile Manufacturers Association, will be unable to address the Society of Automotive Engineers. This does not, how-

ever, that the meeting scheduled for this afternoon in Room 3-07 on the tab will be postponed. Ray C. Hotell, research executive of the Standard Oil Company of New Jersey, will in-

ning consider the group on the subject, "Standing up in gas-

ing authority on the subject. The Society of Automotive Engineers is a well-organized body, and its officials have done a splendid job of promoting the gasoline industry. It is a fine organ-

SPECIAL PARADE AT 5

Technology will hold the Sixth Annual Open House under the auspices of the Student Combined Professional Societies. Promptly at 5 o'clock to please the doors of the institute will be open to those interested in technical education. The open house is an event that has become a tradition at the Institute. It is a time for students, faculty, and visitors to come together and enjoy each other's company.

20,000 VISITORS ARE EXPECTED ON OPEN HOUSE NIGHT

Freshmen Will Participate at Guides and Aides to the Parade

At last the time has arrived for the long anticipated and highly anticipated event of the Freshmen Band. This year the parade will assemble on the drill field at 9:30 a.m. and will be followed by a parade of floats, the student body, and the Camden and Somers/Bristol Business for this duty. Colonel Cheney is President of the Board of Officers, and he will be the official representative of the Institute. The regular Student Band will be followed by a drill, parade, so that the parades will be in the same order as last year. The parade will consist of floats, the student body, and the Camden and Somers/Bristol Business.

NEW DRAWSHOP PLAY TO BE HELD IN MAY

Mary E. Betts '30 Will Have Leading Female Role

"At the Film of the Goozy Plu," the production which the Institute Dramatics is preparing for the American Institute will be presented in the Committee Room at 7:30 p.m. on the evening of April 20. Mary E. Betts '30 will play the leading female role in the play, which is based on the novel of the same title by the author of "The Water Lily." The play will be directed by Professor C. L. Norton, who is the author of "The Water Lily." The play will be presented in the main auditorium of the Institute and will run for two performances.

BOILER TEST THIS YEAR SHOWS MARKED IMPROVEMENT OVER OTHERS OF THE PAST

Professor Castelfiend Will See Freshmen Before May Fifteenth

It has been announced by the Aeronautical Department of the Institute of Technology that the Boiler Test will be held in the Engineering Building on the afternoon of May 15. The test will be conducted by the professor of heating and ventilating, and will include the testing of the efficiency of the boiler and the testing of the efficiency of the furnace. The results of the test will be published in the next issue of the Institute's technical journal.
