Great Court Now Being Remodeled

Operations in Front of Main Entrance Commenced

(Continued from page 1)

Attargraphic

CONTRIBUTS for the work have been gathered from all parts of the campus and, by the help of these, all parts of the work can be done. The number of varieties have been purchased, which include American and English elms, maples, pin-oaks, linden, and other types.

As soon as the trees arrive they will be immediately planted in accordance with the program which was done a few years ago. This work of the campus is done in a line and will be planned systematically. The remainder of the trees will be arranged throughout the minor courts.

Although three improvements will add a great deal to the appearance of the campus, there is just a step towards the ultimate completion of a definite program. The number of this program was started two or three years ago, and it is believed that it will be finished within the next few years.

PRINCE ALBERT

—The national joy smoke

Quality sent to the head of the class

Years ago, P.A. showed a clean pair of heels to the field of smoking-tobacco. It has maintained its lead ever since, putting more distance behind it every year. There must be a reason why P.A. is the world’s largest-selling brand.

There is! Open a tidy red tin and get a full breath of that class-by-itself fragrance. Then tamp a load into the bowl of your pipe and enjoy the world’s largest-selling tobacco.

So much for a promotional issue of The Tech, the University’s monthly newspaper. The next installment will appear on the first Monday of the month. 

Wellesley Signs Adorn Dormitory

Police Find the Decorations And Send Them Safely

To the Owners

—Wellesley—Wellesley—Wellesley—Wellesley, was the outburst of a dinner hour to-fellow students last Saturday night, or perhaps it was Sunday morning. Upon arriving at the source of the commotion, a member of THE TECH found the cause to be two new corner stones for the new dormitory.

Surrounded from two of the balconies over the entrance to the dormitory were suspended red lanterns which, at the time, were not very fitting. As a further decoration and attraction lanterns were hung on either sides of the stairs. In such a condition remained the new dormitory until the arrival of the Wellesley College, when the entrance doors were opened and cars were run.

A further decoration and attraction not lanterns were hung was called the sign. In such a condition remained the new dormitory until the arrival of the Wellesley College, when the entrance doors were opened and cars were run. The first pull tells you why more men take the world’s largest-selling tobacco. Open a tidy red tin and get a full breath of that class-by-itself fragrance.

Years ago, P.A. showed a clean pair of heels to the field of smoking-tobacco. It has maintained its lead ever since, putting more distance behind it every year. There must be a reason why P.A. is the world’s largest-selling brand.

There is! Open a tidy red tin and get a full breath of that class-by-itself fragrance. Then tamp a load into the bowl of your pipe and light up. The first pull tells you why more men smoke P.A. than any other brand. Cool and smooth and mellow—and not for one pipe-load, but always. Try this long-burning tobacco, Fellows. You’ll say so!
