Annieh Chase the "Razzberry" On Cadets

Students in the Architectural Department enjoyed a gala afternoon last Thursday in the gymnasium and listened to the President of the University, R. W. N. 8. V, as he delivered the annual address. Dr. R. W. N. 8. V, spoke on the important role of architecture in shaping the future of the University. He discussed the importance of architecture in creating a sense of place and community in our buildings and campuses. Dr. R. W. N. 8. V, also highlighted the value of education in preparing students for careers in architecture and the important contributions that architects can make to society. He concluded his address by reminding the audience of the importance of creativity and innovation in the field of architecture.

Announce Plans For Tech Show at Writers’ Meeting

Next Year’s Show Is Based On Speed, Short Skits

Plans for Tech Show 1929 were announced during the meeting held at the Writers’ Club Saturday night. At an all-night meeting of the Tech Show Committee, the details of the show were discussed. A panel of judges, consisting of representatives from various departments, was appointed to judge the competition. The show will feature skits, songs, and dance performances, with a focus on speed and short skits.

POSTPONE FINISH OF CONCERT SONG

Price Song Will Be Selected in Fall Since Only One Is Submitted

Due to the fact that only one song was submitted for the concert song, the Committe on the Subject is to be postponed until fall. The song was received by the Committee during the summer, although requests were made for one or two songs to be submitted before the end of the semester.

Dean Jackson has been received in the College of Engineering and the business is expected to be submitted before the end of the fall semester.

INVESTIGATIONS SHOW MEN STRAY EXCEED OTHERS IN OUTSIDE ACTIVITIES

Only T. C. A. AND THE TECH HAVE "HELPFUL" HOURS

Men Competing

Sixty per cent. of the men in competition for staff positions on the various campus organizations this year, were found to be in favor of the "Helpful" system to which the name is assigned. The "Helpful" system is one where the student is required to show evidence of useful work in his activities, and the "Helpful" hours count as valid credits in the student’s record.
