New Campus Will Be Completed By Fall

Work on the new campus is progressing at a rapid pace. In the Great Court and the smaller quadrangle, a large number of trees have been planted and most of the lawns are being laid out. In its present state, the lawns take the shape of the letter 'L' with the Great Court forming the first bend and the smaller quadrangle as the second bend. The Great Court is surrounded by a wall to prevent the crossing of pedestrians.

The library, which is under construction, is expected to be completed in the fall. The library will be divided into two sections: the main library and the branch library. The main library will house the general collection, while the branch library will be devoted to special collections.

AERONAUTICAL T. E. N. GOES ON SALE TODAY

Contains Program of Aero Laboratory Dedication

former head coach of the team. The new coach will be responsible for the team's performance in the next Olympics.

TODAY

Fall Wednesday's issue of THE TECH will feature an article by Ray M. Hudson, a professor at the Institute. The article will discuss the development of the Bureau's recommendations for the improvement of the courts. The article states that the courts are being graded, the gravel is being removed, and the trees are being pruned. The article also mentions that the official cardinals and the referee are being selected. The article concludes that the courts will be ready for use in the fall.

WALKER IS SCENE OF Mock WEDDING

Ceremony In Honor of Miss Hazel Gatebomb's Coming Wedding

For the first time the Fotoker Dining Room was used for a wedding celebration. The wedding was held on Sunday afternoon. Even though this wedding was only a mock affair, it turned out to be an enjoyable affair for all those present. The mock wedding was held in honor of Miss Hazel Gatebomb, one of the T. C. A. students who is to be married on June 24th.

DORMS WET FIREMEN IN MIDNIGHT FORAY

(Continued from page 1)

nothing either the flexes or the spirit of the men from across the street. Someone among the spectators had had a more practical idea, however. He ran to the fire box and sent in a second call for reinforcements through the telephones of the fire station. The second call was the heavy artillery into action. The harbor was soon cleared of all obstacles and the field was ready for the final drive. The houses were then turned to on the forward shelling of all the disturbing noises, and in a few moments the flames were extinguished.

TITTIMEAN ELECTED VARSITY CAPTAIN

Gibbons To Lead 150-Pound Crew Next Season

Varsity and intercollegiate varsity newswomen for next year were chosen at the recent annual meeting of the Institute. Gibbons was chosen to lead the lightweight varsity team, while Warren H. Dolloff was chosen to lead the varsity team. Gibbons is a senior at the Institute, and Dolloff is a junior. Both men have demonstrated their abilities in the past and are expected to continue their success in the upcoming season.

BOIT PRIZE WINNING

The following won the Boit Prize, the best paper of the year in the field of mathematics:

- George E. H. Moore
- William R. Brown
- and Malcolm A. Phifer

The best paper was entitled "The Fundamental Theorem of Algebra." It was written by George E. H. Moore, a senior at the Institute. The paper was chosen for its originality and its contribution to the field of mathematics.

OFFICERS ELECTED BY CATHOLIC CLUB

As a result of elections held by the Catholic Club, the following officers were chosen:
