A Complimentary Issue

This Wednesday's issue of THE TECH are free to all students of the Institute. Beginning Friday, single copies will sell for five cents, with a yearly subscription, purchase order from any of the subscription agents at the rate of two dollars per year. A special rate is being offered to freshmen, but you must secure your subscriptions to receive the rate of two dollars per year. Deliveries will be made to every fraternity house with ten or more subscribers.

THE TECH Presents a Summary of the Activities, on Pages 3 and 4

There are several types of activity from which the new man can select, among the publications are THE TECH, partner of the Institute, "THE Tech Exhibiting News," a monthly magazine of interest both to students of engineering and the engineering profession. "You Do," the monthly student publication, and "Technology Currents," the official yearbook, "Tech Show," and the "Musical Clubs," offer the student his share of the entire scope of the annual activities. The "Technology Cotillion Association," and the "Wall or Memorial Committees," are organizations which afford various types of service to the student body. In addition to the above mentioned activities, there is a business department which understands the unique business necessities of the new man. Following the custom of several years past, THE TECH is dedicating this special issue of the school year to the freshmen of the Institute. This is done for the benefit of the incoming men in becoming acquainted with the faculty, student body, and the activities and traditions of the student body. It is a survey of the publications at the Institute, and contains information which would be of interest to any person who intends to take part in the activities of the Institute. If it is of interest to you, turn to page 3 of this issue.

Time Is Operating In Getting Registering, Gettinggn by Books and Ties

As of today, the first day of September, there are no ties in gray, and the ties of the class of 1932 are subject to the new rules. The rules were designated to work is at once, the sooner a new comer will be competent to handle his own affairs. These rules have been adopted for the purpose of increasing the mutual benefit of the Institute. This is done for the benefit of the incoming men in becoming acquainted with the faculty, student body, and the activities and traditions of the student body.
