OFFICIAL BULLETIN

ELECTRICAL ENGINEERING
A series of three colloquia by members of the technical staff of the Westinghouse Electric and Manufacturing Company on

"Scientific Aspects of Design Problems in Large Electric Generators"

will be held in Room 16-275, 3:00 to 3:50 P. M., as follows:

Nov. 19 and 20—Mr. J. Monard, "Vibration and Foundation Design of a Large Electric Generator Trailered."

Nov. 26 and 27—Dr. J. Sliepen, "Switching Problems". Dec. 10 and 11—Mr. W. E. Owens, "Commutation Problems."

These colloquia are open to members of the junior honor groups all seniors, graduate students, and staff.

HYGIENE

Students are reminded that all men must be examined by the Medical Department during the academic year. Students who have not been examined are requested to call immediately at the Medical Director's office, first floor of Homberg Infirmary, and arrange for an appointment.

Arrangements have been made to have photographs of students taken at the time of the medical examination. The Personnel Office uses these photographs when arranging interviews between seniors and representatives of industrial concerns; therefore, it is desired that every student who has not already done so, make arrangements for the medical examination, and that the Personnel Office may secure these photographs at once.

NOTICES

SLEDGEBLICH BIOLOGICAL SOCIETY

The Sledgesblich Biological Society will hold its second meeting of the school year in the School Room, Wednesday, November 7, at 7 o'clock. After the business meeting Professor Russer will give a short talk, followed by a social hour and refreshments. All members, in Course F, or who have taken or are taking courses in the Biological Department are invited to attend.

VOO DOO

There will be a meeting of the Voo Doo for The Doe in Room 8-60 Walker Hall, on Tuesday, November 6, at 7 o'clock.

T. C. A. GLEVE

All drivers who have not yet presented their licenses to the college officials are asked to do so as soon as possible in the T. C. A. Office.

RADIO SOCIETY

The Radio Society will hold a meeting in Room 10-200 at five o'clock, Wednesday, November 7, at the T. C. A. Office.

TECHNICAL SIGN-UPS

All seniors, who had an appointment for technical sign-ups, are requested to call immediately between Thursday, November 1, and noon Thursday, November 8, to make a new appointment due to the fact that certain departments have not been able to fill their allotment of sign-ups as of yet. A data will be maintained in the Personnel Office for such sign-ups to be made.

Pipe Cutter Ends Agonizing Tobacco Hunt

Longy & Bro. Co.

Hoping to rid themselves of this problem, the company decided to offer a cash reward for the return of any employee who could come up with a mechanical method of cutting the tobacco. After much experimentation, they came up with a device that worked like a charm. Now the company can breathe easier knowing that their employees will no longer have to suffer through the agonizing task of cutting tobacco by hand.

Freshmen Defeat "Class of 1951 in Annual Field Day"

Sophomores Defend Coaches Before Onslaughts of Juniors

(Continued from Page One)

The freshmen ran their race on the short course, the football teams, and, of course, the tug-of-war teams pulled in short order. The football game looked like a rest at first, with the detectives leading 13-0, and it ended 20-0 to the detectives behind. There was no intention of the detectives' wearing out. The second half was a real battle, with the teams on practicaly even terms, but the detectives were unable to break into the winning column, while only the breaks of the game kept the Ephs from winning.

The first game saw the freshman team leading all the way, with tops-of-the-walls in short order. The football game looked like a rest at first, with the detectives leading 13-0, and it ended 20-0 to the detectives behind. There was no intention of the detectives' wearing out. The second half was a real battle, with the teams on practicaly even terms, but the detectives were unable to break into the winning column, while only the breaks of the game kept the Ephs from winning.

The final game saw the freshman team leading all the way, with tops-of-the-walls in short order. The football game looked like a rest at first, with the detectives leading 13-0, and it ended 20-0 to the detectives behind. There was no intention of the detectives' wearing out. The second half was a real battle, with the teams on practicaly even terms, but the detectives were unable to break into the winning column, while only the breaks of the game kept the Ephs from winning.

JEWISH STUDENTS

The College Club of Temple Center will hold its annual Field Day on Saturday, November 3, at various locations in the city. The day will be filled with sports, music, and other activities that will keep the students entertained.

Freshmen Who Will Choose Class Officers from this List of Accepted Nominees

These students are being asked to choose their class officers for the upcoming school year. The list includes the names of all students who have been nominated for this position. Each student should carefully read through the candidates' qualifications and choose the person they believe will best represent the class.

"Tech in Turkey" Representative Describes Activities of College

The student representative who traveled to Turkey to study the electrical engineering industry recently returned. He describes the various activities and projects he observed during his stay, including visits to power plants, universities, and local businesses. He also provides insights on the cultural differences between Turkey and the United States, as well as the challenges faced by American engineers working in Turkey.

SLEDGES"}

As usual, the "Tech in Turkey" was in the forefront with its novel and original style of dress and conduct. The "Tech in Turkey" was not the famous trunk, but rather a group of students, the "Techs" to the flagstaff, who really belong to the university. The class of '29 was not satisfied with having the flagstaffEditing. However, the "Techs" to the flagstaff were not content, and pictures taken recently have the "Techs" to the flagstaff in the post of honor, and Fibber, who is usually picture of base, looking at the "Techs" to the flagstaff in the post of honor, and Fibber, who is usually
