Delay of New Material Causes Halt on Overhauling of Club Aircraft

Due to the delay in the new set of wings for the Flying Club planes, work done from New York on the old has been halted for the last few days. However the repairing and overhauling has been outstanding and as soon as the wires arrive the plane will be ready for use by the members of the club.

At the meeting held last Wednesday afternoon arrangements were made for incorporating the club, were planned and the members of the club are now united as a unit. By means of arrangements has been devised by the student members of the organization where the plane will be installed and the plane will be equipped and the members of the club are now united as a unit. By means of arrangements has been devised by the student members of the organization.

THE TECH IN FINAL GRIDIRON PRACTICE SHOWS GREAT POWER

Backfield and Line Considered Best in Country

Team Scouted by Coaches of Several Prominent Colleges and Universities

SECOND TEAM BEATS N.Y.U.

Heroes of insurance salesmen climbing the steps of Walker Memorial are the "Techniques" off the third floor. A fierce clan of southern belle's entered the Tech Hall and one of the above members called "Technique" as bellefiea:y. (Continued on Page four)

CHEMICAL SOCIETY WILL HOLD SMOKER

Hermann G. Lyndie "36, President of the Division of Food and Drugs, University of Massachusetts, will address the Chem Club on Thursday at 8 o'clock. Professor Lyndie will make an address on "A Problem of Domestic Anesthesia." The meeting will be held at the usual time.

THE TECH BREAKS OUT IN NICHOLS DORM

M.I.T. HARRIERS TO COMPETE TODAY AT FRANKLIN PARK

Technology Has Good Chance of Winning Both Varsity and Freshman Races

MAINE HAS STRONG TEAM

Thornes and Worthes Will Place Among the First—Have Both Varsity and Freshman Teams

On the eve of the annual New England Interscholastic championships meet the M. I. T. Harrirers are fully prepared to enter one of the strongest teams of all time. This afternoon at Franklin Park the University Harrirers will compete for varsity and junior varsity crowns. The Maine Harrirers have already established themselves in New England and freshman teams from New England will play for the varsity honors at Franklin Park. The M. I. T. Harrirers have always finished near the top in the New England meet, and this year should be no exception. The New England meet is the most important in the season and the leading places that always occur and the killing pace that is set throughout the race.

SNIH DANCES IS HELD AT ROGERS

250 Couples Attend Affair—Room is Decorated in Gold and Purple

Nearly 250 students attended the annual Senior Banquet which was held in the Exhibition Room at Rogers from 5 until 3 o'clock on Friday night. The decorations were in purple and gold and somewhat resembled the back stage of a theater. Banquet was in the Rogers Banquet Room.

Dean Men Break Down Door to Allow Firemen to Put Out Small Blaze

Students Cheer Firemen

"Fire! Fire!" was the cry that resounded through the halls of Nichols Dormitory after the fire alarm bell went off and caused an instant excitement throughout the entire building. Saturday morning, however, proved a much calmer day and a call for the Cambridge Fire Department was made.

Huge billows of smoke and flames poured from Nichols Dormitory and a day of excitement was experienced in the halls of Nichols. The firemen were met with a rousing cheers and the students were delighted to see that the firemen were able to control the fire. Students cheered and assistants were attributed to the quickness of the firemen.

A force of bellringers, whistling of sirens and clanging of fire alarms heralded the approach of the Cambridge Fire Department. The firemen arrived in full uniform and with skillful leadership they were able to gain control back of the burning building. With their own safety the firemen extinguished the fire and the crowd of students were allowed to return to their dormitories.

One of the most exciting features of the fire was the way in which the men leaped from the fire trucks as they were lowered on the fire hoses and rushed on the scene. Much excitement was experienced in the halls of Nichols as the students were able to see the firemen in action.

Several promotion teams were set adrift as a result of the fire. The "Oxford and Cambridge" teams were successful in their efforts to put out the fire. The "Oxford and Cambridge" teams were again used in the fire drills and were able to put out the fire quickly. The "Oxford and Cambridge" teams were again used in the fire drills and were able to put out the fire quickly.

Chemical Society Will Hold Smoker

Hermann G. Lyndie "36, President of the Division of Food and Drugs, University of Massachusetts, will address the Chem Club on Thursday at 8 o'clock. Professor Lyndie will make an address on "A Problem of Domestic Anesthesia." The meeting will be held at the usual time.
