Cardinal and Gray's Sixth Straight Victory As Team Defeats Crimson 29 to 23

Bernard Brockleman and Brie Allen Star As Beavers Upset Harvard First Time This Season

Winning their sixth consecutive victory the Engineering Basketball team invaded the Harvard Back Court yesterday before a capacity crowd of 6500 in the Hanger (lyre) indoor stadium and the results were so disastrous for the Crimson that it will take time out to tally things over. The score was fixed six to none in the first half and 14 to 14 in the second half of the game. The Crimson defense was weak and the Beavers defense was strong, and the Crimson had no chance against the Beavers.

Brockleman started the game by getting in close on the job and putting five points for the Beavers. Bob Nelson pulled down one of the Crimson's throws and everyone was busy for the first score of the game. This was followed by a shot that gave the Beavers a lead of six.

After this the ball seemed to stick with neither team doing any scoring although several fouls were called. Harvard, however, managed to get one more basket in the second half and made a foul shot. The Crimson then had the lead and were leading throughout the entire contest.

The Beavers were led by Bob Nelson, who scored 19 points, and Brie Allen, who scored 14 points. Bob Nelson was the outstanding player of the game, and his ballhandling was not matched throughout the contest. The Crimson was led by Steve Stack, who scored 13 points, and who was the only player of the Crimson on the front line. The Crimson was led by Steve Stack, who scored 13 points, and who was the only player of the Crimson on the front line.

Next week the Beavers will play again, and the Crimson is preparing for the game. The Crimson is a strong team and is expected to give the Beavers a good game.

ANNOUNCE SIGN-UPS ON FEBRUARY 4, 5, 6

No Preference Shows Junior in Signing Up for Prom

Addressing Meeting Tomorrow on Subject of "As I Saw It"

Professor Harry L. Dana, grandson of Longfellow, Speaks at Liberal Club

"As I Saw It" is the title of a lecture to be delivered by Professor Dana, who is expected to bring a lively and interesting account of theconditions today. In view of the fact that these professors are going to side with the leaders of the Institute against the students, it should be particularly interesting. Immediately following the address, the meeting will be opened for discussion.

TECHNIQUE SIGN-UPS BEGIN FEBRUARY 4

Option on Institute's Yearbook May Be Had for One Dollar

"The technique," as one of the students says, "is the talk of the town these days." The students are always anxious to get their yearbook. The yearbook is published annually and is one of the best in the country. It is a source of pride to the students and is seen as a symbol of their success.

The tuition for this year's Junior Prom will be $7.50 and will include four tickets to the dance. Students who are members of the Junior Class will receive two tickets for free. The prom will be held on Saturday night, February 4, at 8 o'clock. Everyone is welcome to attend, but tickets must be purchased in advance. The prom will be held at the Institute, and everyone will be required to wear formal attire.

The junior class will be honored at the prom, and there will be a number of special events. The class will be introduced, and the senior class will present a gift to the junior class. There will also be a dance contest, and the junior class will compete against the senior class.

A special feature of the prom will be the "Tech Crew," who will be responsible for the entertainment. The Tech Crew will be made up of students who are interested in entertainment and are willing to work hard to make the prom a success.

The yearbook is published annually and is one of the best in the country. It is a source of pride to the students and is seen as a symbol of their success. The yearbook is available for purchase by students and is a great way to capture memories of the year.

More information on the prom and yearbook can be found on the Institute's website. The Institute encourages all students to participate in these events and to enjoy the occasion.
