JUDGES ANNOUNCE WINNING POSTER FOR "A TECH RIOT"

Design by Pickell Chosen From Among Seventy Entries

In Contest

HAY FUTURISTIC TREND

Tech Show Pictures Will Be On Take-Down Registration Day Of New Term

Picked from a group of approximately thirty entries, the poster design submitted by James M. Pickell '30 for "A Tech Riot" Tech Show this year, was finally judged to be the best and will be the one used on the program covers, stickiers, and posters this year. The judges had considerable difficulty in arriving at a decision as to the number of good entries was comparatively large. The general trend of the majority of the designs submitted seemed to be in the modernistic and futuristic.

Pickell's winning design shows a considerably dilapidated but smiling face with "A Tech Riot" appearing in large letters underneath and Tech Show 1930 at the top. Black, white, and red will be the predominant colors used in executing the posters.

Included in the bulletin tickets for the Junior Prom, which will be on sale February 4, will be an admission to Tech Show on the night of the Prom at the River Theater (February 5). There will be no separate tickets sold for the show that night.

On registration day for the several events of the February 4 prom, the design of "A Tech Riot" will be taken in Room 207 at 2:30 o'clock. It is necessary that the entire cast be present at this time so arrangements will be required for tickets and the students and later than February 4. There will be rehearsals of both the cast and chorus on the evening of February 4 at 7 o'clock. Cast rehearsal will be in the East Lounge of Walker and the chorus rehearsal will be in North Hall.

FRATERNITIES HOLD DANCE AT SOMERSET

"Tunesters" Will Furnish Music at Social Function

Due to the fact that many fraternal societies have already given a dance, the Interfraternity Dance planned for February 17, the Interfraternity Dance card will be transferred to February 8 and The Louis XIV Ballroom at the Grand Somerset Hotel has been engaged for this affair.

Last year's attendance of this function was lower due to the fact that examinations necessitated the putting off of the ball for the next year. For this reason the committee arranging this function have decided to ask that a much larger advertisement be originated. The "Tunesters" who have played at numerous Technological social functions this year will furnish the music for the ball.

Tickets have already been sold around the house comprising the Interfraternity conference, and will be sold at $2.00 each. The proceeds of these tickets will go to a benefit show which will be presented on February 6.

The proceeds of these tickets will go to a benefit show which will be presented on February 6.

Voo Doo Out Again!

Yes, it does. Look as though most of the boys were out.

The Gentleman in the Chair is one Mr. Geisman, And perhaps he is out too.
