T. C. A. Delegates Go To Conference At Poland Maine

Christian Motivation Will Be Discussed At Assembly Starting Friday

Technology's representatives to the Eastern New England Student Conferences are going to be Poland Springs, Maine for three days commencing next Friday to discuss with members of other colleges "The Dynamic of Christian Motivation." Dr. Charles W. Gilfoy of Chicago, former pastor of the Hyde Park Baptist Church and now the Dean of the Chapel of the University of Chicago, is going to lead the discussions of the topics.

Each college which is to be represented has选定 to send more delegations because those who went to last year's convention enjoyed it very much. The Maison House will be the Hotel at which the group will stay and besides the discussion and open forum hours there will be winter sports and other amusements.

The T. C. A. sent a letter to those whom they thought might represents the interests of a few who would not be able to attend. A special car will leave North Station at 1:15, so plan to be there. Fully interested radio stations, already on the air, and THE TECH will help you.

ECONOMICS LECTURE

At Lowell Institute

Mr. R. G. Heyrovsky will give the second lecture at the Lowell Institute Friday, March 1. His first lecture on "Sovietry and Power" took place last night. Friday, he will speak on "Sovietry and Economies." These lectures take place in Hotel St. Regis, 15 Beacon Street at five o'clock. Tickets may be obtained at the box office. Write to Mr. Heyrovsky at 15 Beacon Street, Boston, if you wish to secure a seat. Tickets are available for the second lecture only.

EDGEBURY: Extra High Grade Smoking Tobacco

BELL SYSTEM

A nationwide system of inter-connected telephone exchanges which, as soon as any one man talks to his next-door neighbor or across the continent, just as he chooses. Men in the telephone industry, in commercial and administrative as well as technical work, are constantly proving that little suggestions, little ideas, little changes, when gathered into the comprehensive plan, may be big possibilities of better public service.

"OUR PIONEERING WORK HAS JUST BEGUN"

Professor Rossky To Give Address

Export to Speak on Location of Airlines and Airports in Future

"The interrelation of Meteorology and Aviation" will be the subject of an address by Professor Carl G. Rossky, associate professor of meteorology at the Institute, at the next meeting of the Aeronautical Engineering Society which will be held this evening in Room 1-190 at 7:30 o'clock.

The officers of the club have extended an invitation to all members of the faculty to attend the meeting which will be held in Room 1-190 at 7:30 o'clock.
