Undergraduate

BLANCHARD LECTURE

A course of ten lectures on "Atomic Structure" is to be given by Professor A. A. Blanchard on Tuesday, Thursday, and Friday evenings. These lectures will be given on Tuesday, March 5. All students are invited.

NOTICE

There are still a number of vacancies for the first three Thursdays of the Blanchard Lecture. Those students who are interested are urged to take advantage of this opportunity.

SCHOLARSHIPS

The students of the Institute who are desirous of taking the Blanchard Lecture should apply to the Tech Show offices at once, as late applications cannot be received. Those who apply will be notified of the result of their application as soon as possible.

THE TECH tries to cooperate with the athletic side of Technology and the necessity for a closer contact with the athletic side of Technology is seen when the Society is formed. The Society will be organized to promote interest in athletic affairs, to foster team spirit, and to encourage participation in athletic events.

of similar issues in the past. He also recommended that a warning be issued every time a new publication is issued without the action taken by the Institute Committee.

Lawrence C. Hamlit '30 asked that the Tech Show be given permission to print a magazine. He felt that the Tech Show should have the right to print a magazine without the approval of the Institute Committee.

There was a discussion on the issue and it was decided that the Institute Committee would issue a warning to the Tech Show for issuing a magazine without the approval of the Institute Committee.

Williams McElhenny '30 expressed the high standing of Voo Doo Publishing Company and the necessity for a closer contact with the athletic side of Technology.
