NOTICES AND ANNOUNCEMENTS
Of General Interest

The Helium Spectrum
Prof. W. Heisenberg
Friday, March 22, 4 P.M., Room 10-250
Professor W. Heisenberg, Director of the Institute of Theoretical Physics of the University of Leipzig, will give the fourth lecture in the series on "Modern Developments in Quantum Mechanics". The subject of the lecture will be "The Helium Spectrum".

Hydraulic Experimentation
Dr. Ing. Theodor Rehbock
Saturday, March 23, 2 P.M., Rooms 5-330
Dr. Ing. Theodor Rehbock, Professor of Hydraulics at the Technische Hochschule, will deliver a series of lectures on "Hydraulic Experimentation". The second lecture will be on "Water Movement: Laminar Turbulent and Mixing Flow" and "Water Currents and Hydraulic Riddles". The lecture will be illustrated by models and still pictures.

Evolution
Prof. Kirtley F. Mathews
Saturday, March 23, 9 and 12 o'clock, Room 5-330
Professor Kirtley F. Mathews will speak on "Evolution" at the lecture hour in English and History 822.

Meetings of Eastern College Personnel Officers
Friday, March 22, Room 3-213, Saturday, March 23
Group Discussions on Personnel Officers. Full information regarding topics, time and place of meetings may be had at the Personnel Office of the Undergraduate Employment Bureau.

Poetry Reading
Professor M. R. Copitheim
Monday, March 24, 5 P.M., Walker Library
Professor M. R. Copitheim of the English department will present the last of his series of poetry readings. Selections from the works of John Masefield will be the basis of the readings.

Calendar
Saturday, March 23
2:00—Lecture class year review, Room 5-330.
Eliot meet, Vestry vs. Navy at Annapolis.
3:15—Election to the Executive Council, at University of Pennsylvania.
Monday, March 25
5:30—M. L. T. A. Meeting, Committee Room, Walker.
6:00—Alumni Council Dinner Meeting, Faculty Dining Room, Walker, Saturday.
9:00—Adams Lecture, Society of Motor Engineers on the ever-present problem of turning an automobile, 879 Crown Street.

Freshmen to Hold Dance at Somerset
Arrangements for the Freshman Prom have been completed. The dance will be given in the Student Union at Hotel Somerset on the evening of Friday, April 5, featuring Leo Robin's orchestra. It is planned to give a dance for the freshman class, the T. C. A. securing the speaker. It will be an informal affair, with the time of the dance to be determined by the dance committee in charge. In the words of one of the members, "The girls will be given an extra rehearsal of the Techno".

M.I.T. Television Research
A template transmitting and receiving apparatus has been completed by the students in the M.I.T. Television Research Laboratory. This apparatus is to be used in connection with the transmitting station located in the Chemical Laboratory. The experiments have been in progress for a number of weeks, and the results have been very satisfactory.

Carnival Committee Considers Protest
At a meeting of the Carnival Committee, much interest was shown in the protest made by the Eastern Intercollegiate Gym League Championship. At the time of the protest, the committee asked for the resignation of the president and another member of the committee.

New Voo Doo Clothed in Virgin Innocence
New Voo Doo cloths were distributed among the students by students in the Art Department.

GREAT REVIVALIST THRILLS AUDIENCE
(Continued from Page 1)
assured by the speaker that he could not be on guard.
One of his many illustrations of the influence of the mind upon the body was to prove that the body could "think its way" to health or death.
He is not a man who saith a word without meaning it, nor will he or when he tried to convince the audi- ence that such a procedure should have every one try to steer his own ship. As a result of his speaking, Yoo Doo has come in contact with a number of people.
Material and intellectual influences on boys who are not insane would be used by many of the audiences of H. M. Lane.

Undergraduate
SENIOR ENDOWMENT
Endowment for the Senior Endow- ment plan may be secured in Room 3-233 at any time.

SENIOR WEEK COMMITTEE
There will be a meeting of the Ex- clusive Committee of the Senior Week Committee, in the Executive Council, and the other offices of 6 o'clock.

Further along the subject of television relates to specific parts of the apparatus which give the broadcast service desired. Synchronizing and matching would be two parts concerned. High amplification with no distortion has not been completely achieved or accomplished. More refinement and tube-proving work is needed to perfect these problems are being considered. The other part of television, namely the "vision" is being handled by the studio head, Henry M. Lane, instructor in electrical engineering. Much of the work in the studio is testing different types of vision that must be used in television. The difficulties arising from the effect of the slightest distortion of the original image are under investigation.

THETA CHI BOWLERS WIN CHAMPIONSHIP
In a match for the Interfraternity Scoring Championship held last Thursday night at the Fenway Airport, four men from Theta Xi have been declared the winners. This is the first time in Theta Xi's history that such an event has been won by Theta Xi. The Theta Chi team won by a score of 15-10, with the Theta Xi team coming in second with a score of 10-15.
