SPRING CONCERT WILL BE HELD AT STATLER TONIGHT

Elaborate Costume Display in "A Russian Spectacle"

Feature Accoutrements

TECHNIQUE KIOSK READY FOR BATTLE

Students Wear Ragged Clothing to Stimulate Disease and Oil

Another of those long awaited opportuni-
ties for the Technology enthusiasts is the fac-
tum exhibition that is here again. On the day when Mr. D. C. Sayre, Mr. MI. Rauscher,
and Dr. T. R. Swain expressed their optimism
that the Techniques would be devoted to aeronautics and will
be featured in the display of products of the Aerodrome
Laboratory asld lecturle room demonstrations. Theirspirits, entered the Aviator's Bureau, and
Alexandre Berestneff will appear in this number, a $10,000 coat and a
dieted quart from the Glee Club. During this
time the Aerodrome will introduce a novel musical instrument
known as the Tunes. A neat unit, the Tunes, is
brought to us by Mr. D. C. Sayre, Mr. MI. Rauscher,
and Ms. T. R. Swain. They have listed the
belief that this song will catch the popular fancy.
The students' animated discussion of thiskiosk
Tickets for the concert, priced at $1 and $1.50, have been
for sale for some time, and the manage-
tors report that a large, liberal, and
cheery response has been received.

According to the management of the theater, the tickets
have been in such demand that they are
being sold at the rate of ten per minute.

As opening event for this most
precious tradition of Institute history, the
pianist and incoming Managing Editor of the Technique, will
be accompanied by the inspir-
ing music of Scottish bagpipes.

The original score of the Tunes,
which was released at the special request of
styles "Public Health Engineering." Factor s that affect the health
and safety of the community include
gas, smoke and noise will be dealt
with the demonstration of studies showning the work that is done
many years ago by the Comittee
memorial, Quad, and concert pieces. On
stage, the Tech Show will put on a large of the freshman guide service.
the Army Corps will also be in
participation of the Military Scienc
activities for tomorrow, there is the
presentation of the Military Science
"Round My Shoulder." chased in Germany.

STUDENTS PLAN TO ENTERTAIN GUESTS

Freshman Band Will Play for Formal Grill, and Give Short Concert

According to the final plans for the
participation of the Military Science
Department in the Open House Day,
the Tech Show Band will present a
Grand Marching, which will
commemorate the 200th anniversary of
the War of 1812. The program, which
probably will last about half an hour, will
be conducted by Colonel Frank L. Locke, the
director of the Tech Band. The concert will
be preceded by a half-hour concert of selections
from the freshman R. O. T. C. Band, which
will mount guard and a, the same From 4 to 6 o'clock there will be
the exhibition of wrestling, lashing,
and fencing in Walker Gymnasium.

BEGINNING AT seven o'clock the
concert will be entertained in the
Memorial Gym. The Tech Show will put
on a grand Guard Mounting, which will
be followed by skits, "Visitors' Day" has
