PSYCHIATRY EXPERT ADDRESSES FACULTY

"The Legal Aspects of Psychiatry" was the subject of the quarterly address in the series on "Mental Health and Stress", given before the Faculty Club at luncheon meeting in the North Hall of Walker Hall Monday noon. The speaker was Doctor Whiffet Overholt, Assistant Professor of Medical Psychology, University of Illinois, and Director of the Division for the Psychiatric Education of Prisoners, which is under the State Department of Mental Hygiene. Doctor Overholt has had much experience in the examination and treatment of mental condition of prisoners. This recent belief that the crime of a man is the result of an abnormal mentality is increasing in popularity and may be the crux of the crime question in this country.
