How Gold Prospector

" Went Scotch"

Minneapolis, Minn.

Dear Sirs:

I was just dying for a smoke, and frequently at night when seated around a big camp fire, some one would ask me for a pipeful of Edgeworth. These Canadian boys sure like our Edgeworth.

In four weeks' time I ran out of what's left of that can. Help yourself.

Yours very truly,

Achieve Modernity--- With Duco

Back in the Red Flush days, when horsehair sofas were sitting down precarious, the changing of an interior scheme involved the expensive purchase of a mahogany what-not and another set of antimacassars. The Mauve Decade—how aptly Thomas Beer has named it! But today! A pleasant afternoon spent in daintiness with a can of Duco, and behold! ---a new room is yours. For Modernity in decoration finds it's best expression in color—and through Duco, it is so easy to change the dull room into one of engaging interest.

Made in all the newest shades, DuPont-Duco gives every personality the opportunity to find expression. Whether the delicate peach and wisteria for the Boudoir, or the Mandarin Red and Black for the card-room—you'll find them all in Duco.
