A team from the southwest invades the Harvard stadium for the first time this year, after over a year of suspensions. The fourth game of the season is with the University of Texas on October 24th. Dates have also been set for the game with the Army, Dartmouth, and Yale.

With the beginning of school this fall, says the Wesleyan Argus, large numbers of men are taking up the idea of smoking pipes. Whether this is the last retreat of masculinity, or a result of the famous "4-2" in men's smoke a pipe" was not stated.

According to statistics gathered from the Yearbook of Boston University for last year, there were men in Georgia who won the only state not repre-

senting in the student body. Forty-
six of the instructors also came from foreign countries.
