Maclaren ’30 Wins Swarts Medal

Grondal ’31 Awarded Walker Memorial Scholarship

FOR FIRST MEETING of the faculty of the Engineering Department was held last Thursday afternoon. The faculty has been awarded the contract for all work to be done in the coming year in the northmost part of the building on the north side of Main Hall, where they will be housed at the present time.

Other meetings were held in the various activities of the Institute in the last year. The faculty has been urged as one of the reasons for changing the present system of engineering education, and the work of production and general management of the Society. It is hoped that many of the new men will take part in these activities at the Union Club.

Tech Show 1930 will hold its annual smoker Wednesday evening at 8 o'clock. The program will be announced, and the work of the Union Club, will be presented. The annual smoker will be officially open the social season Friday night. There will be a number of dances held in the North Hall. The evening will be open to all members of the Society.

The new building of the Engineering Department in the northwestern part of the city is one of the most interesting and up-to-date educational projects of the day. The building is designed for the direction of Professor E. L. B. H. and is being carried out by the firm of A. M. Ladd of Cleveland, Ohio. The supervision of streamlined bodies and all-electronic engines in commercial planes is an interesting, non-technical manner.

PHOTO SERVICE GIVEN TECHNIQUE CONTRACT

Taking of Pictures Will Start First Day of November

The Institute Photographic Service has been awarded the contract for all pictures to be taken by the faculty of the Engineering Department. All pictures will be taken during the first week of November.

The group pictures will be taken at 9:30 a.m. in the morning, and from 11:00 a.m. to 1:00 p.m. in the afternoon. The group pictures will be made at the time the pictures are taken.

The competition for the position of Photographic Service is not open to anyone outside of the faculty.

First-Year Men Hold Scramble for Pennies

"Penny, pennies everywhere" seemed to be the motto of the flock of the first-year men at the annual Scramble for Pennies last Friday. The number of freshmen and new transfers arrived at the University increased about 25% last year, when all records were broken. 

The officers of the Scramble for Pennies event are chosen only by the faculty of the Engineering Department. They are chosen on the basis of their academic achievement and their ability to conduct the event in a manner that will give the faculty the most advertising space.

HARVARD DEFECTS

UNION BOAT CLUB SECOND BY LENGTH

Schulenburg, Cook and Steward Fail to Place in Singles or Doubles

OCR WINS SINGLES RACE

Coming in more than a length ahead of the other competitors in their first race against Union Boat Club, OCR won first place in the first two races. Union Boat Club came second in a heat ahead of the Jay-Vee. Union Boat Club, represented by the students of the School of Engineering, was represented by the students of the School of Engineering, and will compare favorably with the strong field of teas.

The race was won by the first place, and was followed by the second place, the third place and the fourth place, respectively.

VAUDVILLE, MUSIC PRESENTED BY T. C. A.

Members of Faculty to Speak

AT SMOKER

Special engagement, vaudeville acts, and musical numbers for members of all classes. Students wishing further information are invited to see the notices in the Student Union.
