

**Sports Desk**

With Field Day little more than a week away, the outlook for a baseball game between the two lower classes seems promising despite the recent rain which has delayed play for several days. The senior-senior game is scheduled for this afternoon, and the junior-junior game for next Tuesday. The senior-senior game is expected to be a close one, with the seniors having the upper hand. The junior-junior game is likely to be more competitive, with the juniors having a slight edge. Both games will conclude the baseball season for the school year, with the seniors' team having a slight lead in the overall standings.

**Just Naturally Good**

Good tobaccos...made good by Nature, not by "artificial treatment." That's the secret of OLD GOLD's goodness.

A chef may be able to make a doubtful steak taste good by artificial flavoring and sauces...but it's still dangerous to your stomach.

That's why OLD GOLD tobaccos are naturally good. Carefully selected from Nature's best for smoothness, flavor and freedom from throat-scratch.

You have only to try a package to get the thrill of this smoother and better cigarette. That will tell you why OLD GOLD's sales are already three times greater than the combined sales of three leading brands during a like period of their existence.
