NOTICES - ANNOUNCEMENTS

Of General Interest

Hydraulic Turbines

Dr. Ing. D. Thomas

Wednesday, October 23, 2 P.M., Room 1-190

Dr. Ing. D. Thomas, Professor of Hydraulic Power Machinery and Water Power Plants, will present the fifth lecture in the series on "Hydraulic Turbines and Related Subjects in Water Power Plant Design. The lecture is entitled "The Inception of the Development of the "Newcastle" Heavy Duty Water Wheel. The lecture will be illustrated by lantern slides.

CALENDAR

Wednesday, October 23

2 P.M. - Hydraulics Lecture

Meeting of Freshman Class, Room 10-250.

3:30 P.M. - Architectural Society meeting, Rogers Building.

5 P.M. - Meeting of Freshman Class, Room 10-250.

9-12 M. - Last day for P.T. substitutions.

2 P.M. - Hydraulic Turbine lecture, Room 1-190, Dr. Ing. D. Thoma.

Thursday, October 24

10 A.M. - Mechanical Engineering Society meeting, McGraw Whelan.

2 P.M. - Engineering Research Board.

Friday, October 25

10 A.M. - Industrial Chemistry Movies will be given in Room 10-250. The pictures will be illustrated by lantern slides.

Trip to Library

Incorporated in English Course

Importance of Finding Information Emphasized by Instructor

The lecture on the ability of finding and interpreting literature as an essential part of an education was given by Professor Walter W. Jamison in a recent interview. In the end of this lecture, the instructor introduced into the English courses of which he is a member of the faculty concerning the use of a library. The lecture was addressed to the Public Library, where the students, in groups of eight or ten, report to him at the University under the instruction of Professor Jamison concerning the subject to be studied in the library. The lecture is open to students and members of the instructing staff.
