SUCCESSION from an unexpected quarter has come to the age-old quest of the whole world for "something for nothing." Are we not all, on occasion, sorry that we have not found the answer? Little of what we have found in vain for that something. Now in spite of the conservation of energy" principles inscribed everlastingly in each of our books, this answer seems to be a matter of doubt. A SHELL FOR A SONG

SUCCESS from an unexpected quarter has come to the age-old quest of the whole world for "something for nothing." Are we not all, on occasion, sorry that we have not found the answer? Little of what we have found in vain for that something. Now in spite of the conservation of energy" principles inscribed everlastingly in each of our books, this answer seems to be a matter of doubt.
