Hockey PRACTISE begins at Arena with GOOD SQUAD

Three Weeks’ Work-out Planned for Varsity Before Big Game

1 LOST BY GRADUATION

With a squad of 15 varsity candidates turning out Monday morning on the Boston Arena, indications are that Cheston will see its greatest hockey team this year. Only two men are lost to the team due to circumstances—Capt. Whitehead and Capt. Whitney —and with the promising new material, combination worthy of the support the team has given in the past, Cheston will likely represent the Institute.

FRATERNITY MEN HOLD CONVENTION

David Q. Wells ’30 and Joseph B. Trace ’29 to Address Students

Representing the Interfraternity Council and the Annual convention of fraternity will be Dave Q. Wells ’30 and Joseph B. Trace ’29. This convention will be held in New York City beginning with the first meeting Friday morning at the Grand Central Hotel.

The purpose of this meeting is to discuss matters pertaining to fraternity groups all over the country. One of the topics to be discussed is the question of a twelfth man for the various football teams. Other problems discussed before the convention will be the organization of the various activities of the fraternity men. The convention will work out the uses of fraternity organizations, with the object of making the fraternity life a greater factor in the students’ lives.

Lowell Institute Presents Lectures

Sir Aurel Stein Will Speak About Innermost Asia

On December 5

Sir Aurel Stein, a member of the Board of Overseers of Harvard and a Fellow of the British Academy, will deliver a lecture on “About Innermost Asia,” on December 5, at the Institute. This lecture will be the second of the Lowell Institute series for the fall season. The first lecture, on “An Ancient Archive and the Problem of the Date of Homer,” was delivered by Professor A. H. Sayce on December 12, and “Explorations in the Air” was delivered by Lieut. Col. William A. '09, of the Air Corps. The Lowell Institute series is presented each year by the American Council of Learned Societies. The lectures are free to the public and are open to all students at 11:30 A.M. on each Thursday.

The lectures will be on a different phase of science or art each week. This week, the talk will be on “Chinese Turkestan and the Buddha Relics in Geography and History.” The following lectures will be on “Archeology” and “The Religion of the Jews”.

MUSICAL CLUBS TO GIVE XMAS DANCE

Concert and Dance Will Be At Longwood Towers on Friday, Dec. 6

Longwood Towers will have the same annual Christmas Concert and Dance on Friday, December 6, at eight o’clock. A vaudeville show will be held between the dances, and the current program will take the place of the regular midnight dances. The Convention will be held until midnight. There shall be no smoking during the dance.

The program will consist of readings from the “Winter Show” and other Christmas stories, and the selection of a conductor for the School Glee Club. The selection of a conductor for the School Glee Club will be made at the end of the year. The songs will be chosen by the new conductor.

TODAY’S SPORTS

A new twist in the game of bridge has been introduced in the Institute, with the object to add to the interest of the game. The scoring system has been changed, and the rules are as follows:

1. Each team is allowed three attempts at 5 and 6. The scoring system will be as follows: 10 points for a successful attempt at 5 and 6, and 5 points for a successful attempt at 6. The team that scores the most points is declared the winner.

2. In case of a tie, the team that has scored the most points in the first half of the game will be declared the winner. If there is still a tie, the team that has scored the most points in the second half of the game will be declared the winner.

3. The team that has scored the most points in the first and second halves of the game will be declared the winner of the game.

MANY MEN SIGN TO EXTEND VACATION

Additional List is Available

To Sign in Walker

Activity in the main lobby is still at its highest as more students are continually extending the petition to extend vacation. Over a thousand men have signed up to this date, and the petition is still gaining in popularity. In addition to the main lobby, there are petition boxes in Science, Engineering, and elsewhere on campus. The petition will be extended to the final day of classes, and it is expected that it will be signed by all students.
