HOCKEY TEAM HOLDS PRACTICE AT ARENA
Coach Stewart is Pleased at Prospects for Season

VARIOUS OARSMAEN WIN TROPHIES IN N. E. A. REGATTA

VARSITY QUAD IS GOOD

As a reward for winning the heavyweight class race on Columbia Day, the members of the crew that represented the Technology Varsity were presented with individual trophies. These caps were donated by the Young England Rowing Club which sponsored the regatta. In this game the Varsity defeated the United States Club crew in both the Tech Fieldhouse and the YMCA. The Harvard crew was also tested.

Dormitory Quintets Swing into Action

With two weeks of the Dormitory Basketball season played off there sits a chance for the leisurely students to catch up with their more active classmates. During the next two weeks there will be four games to be played, and while as yet the true caliber of the players cannot be discerned, the present favorites seem to be the true class of the League.

The varsity of the Ware team, the champions of last year, has been able to repeat their outstanding success so far, while Dodge and GIB. are having a most successful season this year. The Ware meets and algorithms of the Varsity take place at 3:30 P.M. and 3:30 P.M. respectively in the Tech Fieldhouse. The games are open to the public.

The scores of the games to date are as follows: game one against 31 Cap. Lane's having been postponed.

Alum 16-0-0
Nichols 12-0-0
Dodge 10-0-0
GIB. 10-0-0
Ware 10-0-0

All through the excitement and tradition of athletic games, Varsity athletes are being held up to student competitive purchasing efforts. But alas for the utmost from those who desire to see the best of the best— those who desire to see the best of the best. The grade on a student's marked paper will be based on the number of times a student goes out a week, according to the schedule of the game.

Remember that local sports are going on in all sorts of ways, from football to basketball to track, and you can keep track of what's happening in your own area. And don't forget to check out the local newspapers and sports sections for up-to-date information on your favorite teams and events.

After football - what?

Only a few annual football "classics" remain. The New York Herald Tribune sports pages will give you detailed, exciting stories of them every Sunday with the between-game news on weekdays.

Gratland Rice, Harry Cross, W. B. Hanna, Richards Vidmer, J. P. Abramson, Don Skene, Kerr Petrie and Fred Hawthorne and other star sports reporters are writing football for the Herald Tribune. When the pigskin goes into winter quarters these men will turn their eyes and pens on other sports. They'll write as they write football—with fire and dash and understanding. Hockey, for instance. It's coming fast, both college and professional. Basketball, indoor track, swimming, boxing and the rest—all with its own enthusiastic following and each marked special attention on the sports pages of the
