5:00-"Tech. Club Dinner, Green Room, Walker Memorial
6:00-"Lecture, "The Egyptian New Empire," Rogers Building
7:30-Minimum Value

THREE OPPORTUNITIES FOR G. E. FELLOWSHIPS
OPEN TO SENIORS
Charles A. Coffin Foundation
To Make Annual Awards To Graduates
MINIMUM VALUE $500
Applications are now being solicited for the annual awards to be made annually in the field of Electrical Engineering by the Charles A. Coffin Foundation, of Boston, Mass., through the President, George W. Reis, founded in 1905 by the late General George Washington Reis, for the advancement of electrical science and the propagation of its usefulness.

The terms of the foundation make it possible for the award of the prize for 1930 to be given to a graduating senior, with a view to the advancement of electrical science, colleges, and technical schools throughout the country who have shown, by the character of their work, that they could, with continued study or undertake some industrial research in electrical engineering.

The application for the award of the fellowship may be forwarded to the committee by the President of any of the eligible colleges or technical schools, which shall be a body of the local students in electrical engineering. It need not be limited to the students of the University, and any other interested group may apply. If interested in students of the University of Boston interested in engineering.

The application for the award of the fellowship may be forwarded to the committee by the President of any of the eligible colleges or technical schools, which shall be a body of the local students in electrical engineering. It need not be limited to the students of the University, and any other interested group may apply. If interested in students of the University of Boston interested in engineering.

The following students have been recommended to the University by the President of the University:

- William Barker, '32
- John H. Nolf, '33
- Robert G. Sietz, '33
- Wilber B. Houton, '33

The minutes of the meeting of the committee will be published in the Post, and the names of the selected students will be published in the Post as soon as they are made known.

Undergraduate Engineering Society
Wandering Greeks

PRESOCRHOM SOCCER
A group picture of the freshman soccer team will be taken in the basement of the Alumni Association Building today, December 9, at 10:00 A.M. Room 212, Immediately after the meeting the Tech photographs will be taken.

VADOO DOO ABANDONS Wit and Turns to Childlike Anger
Vadoo Doo's attitude is no longer the witty, urbane one he had a few months ago. He has taken to childlike anger and tempers. He is not only a bit of a braggart, but he is now playing the part of a child. He seems to be driven by the desire to show the world how much he knows and how much he has accomplished. He has become increasingly aggressive and assertive, and his speech is often full of threats and insults. He is no longer the calm, composed man he was before.

Bataan Raid
In a move that is sure to be controversial, Vadoo Doo has announced that he will launch a surprise attack on Bataan. This move is likely to be met with resistance from the other members of the group, who may see it as a destabilizing action. However, Vadoo Doo's confidence and determination suggest that he is likely to push through with this plan, despite any opposition.

Luxury of Bathubs First Introduced
In United States by Adam Thompson
Bathing Prohibited in Boston
Except by Prescription
To the number of persons who have been killed by taking a bath in the past few years, and to the number of persons who have been rescued from a near drowning, the bath has been a source of both pleasure and danger. Many lives have been lost due to the lack of proper safety measures in the bathroom. However, the introduction of the bathtub in the United States has brought a new level of safety to the bathroom. It has allowed people to enjoy a warm, relaxing bath without fear of danger.

ARMY ORDNANCE POST TO MEET TOMORROW
Major Roy B. Brown and Colonel Edward F. Miller will be the guests at a meeting of the Technical Post Tomorrow. The meeting will be held in the Army Ordnance Post on Tuesday at 7 o'clock.
