HANDICAPPED

WHILE the Senior Class has taken upon itself the responsibility of carrying on a series of events to mark the formal dance on this Friday night, individual members of the class have, to some extent, assumed the burden of a special task. Five Technology fraternities are giving dances that night. This is contrary to the Interfraternity Conference regulation, which does not provide for the granting of permission to bring about the much-needed changes in Walker.

This is contrary to the Interfraternity Conference regulation, which does not provide for the granting of permission to bring about the much-needed changes in Walker. The opening is a pirate scene aboard ship with Nicky Loos and other villains. The senior in the role of Captain of the ship, L. Mastin Bell, will be making his appearance. The evening will be a great success. There will be plenty of food and drink, and a good time will be had by all.
