NOTICES - ANNOUNCEMENTS
Of General Interest

Faculty Club Luncheon Meeting Mr. Herbert Parker Friday, December 20, 12 M., Walker Memorial, Faculty Dining Room
Mr. Herbert Parker, head of the Massachusetts Bay Colonial Tercentenary Commission, will speak on "The Massachusetts Tercentenary Celebration".

UNDERGRADUATE

BOWLING

Edith Pang, manager of the Walker Bowling Alleys, is offering a turkey to the best three strong bowler to the winner among the students or instructors of Varsity. There will be three series of bowling, the first being on January 19. The prize is an apple core. The tournament opens at 11 o'clock today, the prizes for the three series will be awarded tonight. All interested are invited to enter and compete for the prize.

WRESTLING TEAM

All men who are entering for wrestling should report to the catch manager, Mr. J. E. Holmes, at the Faculty Dining Room on Thursday, January 3. This is important.

Blades and Splashes

The solvent has strongly re-emphasized its need for a new candidate for the crews, for they are taking their present crew out of commission before their work is on the canvass. The crew man's life can be seen by reviewing the nightly routine they go through in preparation for the few hours they actually row.

Stanley Wells, for two years on the crew, is due to quit and will make good material for the University boat.

Don Fetten, ineligible last year, is again out for a position on the Varsity boat, having become eligible this year.

Until the present, freshmen subscription is sold out. No more subscriptions will be allowed to work out any day during the week instead of on Tuesdays, Thursdays, and Saturdays. In view of the great number of Varsity crew men, interested students are asked to contact Mr. H. O. Monty, Mondays, Wednesdays, and Fridays. It will be necessary for the freshmen to plan their rowing time to be either before 5 o'clock on these days or else revert to the former schedule.

For the years the students of Oberlin have been petitioning the faculty to release grades on a more "spicy" or "frank" note, the faculty has granted this request. Faculty members have become so great that they have asked for a return to the former system.

SIMPLEX WIRES & CABLES

SIMPLEX WIRES & CABLES

The Simplex Wire & Cable Company has always been among the leaders in the development of the wire and cable industry. It has done more progressive pioneer work and was the first to manufacture the modern all-steel wire used in the standard electrical industry. This company has been in existence over 25 years.

Many years ago it recognized the importance of research work in the manufacture of its products. Thoroughly equipped electrical and chemical research laboratories are equipped with the latest laboratory equipment to develop new products and new uses for those already in the market.

SIMPLEX products are made in a factory equipped with modern machinery, operated by skilled workmen, and supervised by experts who know how to produce cables that are superior in every respect. These facilities have been the cause of the company being the leading manufacturer of electrical cables in the country, and, indeed, the world. The Simplex Company has been making electrical wires and cables since 1872.

As efficient manufacturer staff is available for consultation regarding wire and cable problems.

NOTABLE.

Silence

The word "silence" has been used in many different contexts. It is a word that has many meanings. For example, in some languages, it can refer to the state of being quiet or still. In other contexts, it can refer to the lack of sound or noise. In yet other contexts, it can refer to the absence of communication or conversation.
