CLASS OF 1933 TO HEAR ADDRESS BY DR. LITTLE TODAY

Chemistry in Topic of Lecture To Be Given by Noted Alumnus Today

FRESHMEN SHOULD COME

(Continued from Page 1)

Two seminars will be taken this afternoon by R. E. Callahan which develop into the present organization of Arthur D. Little and the Little Chemical Corporation. Mr. Little is a life member of the Corporation, and is active in the laboratories, in advertising and sales, and in the management of the firm. With Mr. Little is present the President of the American Chemical Society, Dr. R. E. Pound, and the President of the American Institute of Chemical Engineers, Mr. George E. Bunnell. This afternoon's meeting will be devoted to the Conservation of Foods and Metals of the General Society of the International Chamber of Commerce, and the recent restoration of the Great Hall at Walker Memorial.

SPECIAL EVENTS FROM THEN 'TIL NOW WILL BE OUTLINED IN WEDNESDAY'S SPECIAL 16 PAGE EDITION OF THE TECH

SHOOTPUTTERS TAKE FIRST AND SECOND IN Y. M. C. A. MEET

Griand Wulc, Event Win With Put of 42 Ft. 2 In. With 2 Ft. Handicap

THIRD IN HIGH JUMP

Dear and Dall-Halufers were the most successful of the shot putters as they finished first and second in the meet held at the Huntington Avenue Y.M.C.A. building Saturday afternoon. These two men took the lead at the beginning of the first throw and continued to lead throughout the rest of the game in the only other event in which the Engineering participants participated, the high jump.

INSTITUTE ENGINEERS IN SMOKE

Three Engineers were entered in the shot put contest. They were Dall, Henrikson, and Boley. Of these three, Dall, made the first seven-inch mark in the preliminary round to place him in the lead. At 40 or 50 pounds, Dall crushed the put, continuing to make the same distance when he turned third place. When Henriksen and Boley next took their turns, Boley made a slightly better put and then turned in a better put of 36 feet, 1 in. than Dall's first put.

SPEAKERS AT WINTER MEETING OF NE.C.

Supervisors are giving an open meeting on Friday, January 24th, at 8:30 P.M. in the Institute Cafeteria to be addressed by Dr. F. H. Little, President of the American Institute of Chemical Engineers, and Chairman of the committees on Intercollegiate Sports and Interfraternity. The meeting will be in two sessions, the first at 8:30 P.M., and the second at 9:30 P.M.

SPECIAL EVENTS OF SPECIAL MEETING OF NE.C.

Supervisors are giving a special meeting on Friday, January 24th, at 8:30 P.M. in the Institute Cafeteria to be addressed by Mr. R. F. Coggeshall, who is the General Supervisor of the Cable System of the Westinghouse Electric and Manufacturing Company, and who is a member of the Board of Directors of the General Telephone and Electric Company. The meeting will be in two sessions, the first at 8:30 P.M., and the second at 9:30 P.M.
