YEARLINGS MAKE GOOD SHOWING IN SATURDAY'S MEET

Charlie Hall Breaks Mark In Thousand—Bell Equals Record

TRIALS FOR RELAY HELD

One record was set and another equaled Saturday afternoon as the freshman relay team displayed their barking mettle on the track. The competition was as good as it was spirited and the attendance was the best since the opening of the meet.

The winners were announced Coach Hedlund stated that the number of good runners out is so great that there are not enough starting places available.

The competition was extremely close in all the events held and the at-
tire T. C. A. Theatre Ticket Service, of the Associated Press.

POVERTY RULES AT NOVEL DORM DANCE

Lincoln S. Oxford, a member of the dormitory committee, won the first prize for the worst costume of the evening. Mr. O'Brian, the President of the Sophomore Class, was the grand prize winner. Mrs. Albinson, the chairman, had a hard time choosing the winners, but after much deliberation she finally decided on Mr. O'Brian and Mr. Johnson as being the winners along with Miss Katherine W. Stoddard. Miss Margaret L. Smith had been voted the winner of the "most non-secretary" prize by the members of the "non-secretary" group. Miss Smith had been voted the winner of the "most non-secretary" prize by the members of the "non-secretary" group.

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

CAMBRIDGE

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY offers courses in the degree of Bachelor of Science in Engineering for four years, leading to the degree of Master of Science in Engineering in two years.

Academic Departments

Aeronautical Engineering
Architectural Engineering
Agricultural Engineering
Biological and Physical Sciences
Chemical Engineering
Chemical Engineering Practice
Civil Engineering
Electrical Engineering
Electrical Engineering Practice
Electronics Engineering
Engineering Mechanics
Geology
Geological Biology
Mathematics
Mechanical Engineering
Metalurgy
Mineral Engineering
Nuclear Engineering
Aeronautical and Astronautical Engineering
Physics
Political Science
Public Health
Science Education

Graduate Courses leading to the degrees of Master of Science, Master of Philosophy, Doctor of Science, and Doctor of Engineering are offered. The courses leading to the degree of Master of Science include:

1. Applied Mathematics
2. Applied Mathematics
3. Applied Mathematics
4. Applied Mathematics
5. Applied Mathematics
6. Applied Mathematics
7. Applied Mathematics
8. Applied Mathematics
9. Applied Mathematics
10. Applied Mathematics

The better high schools and other preparatory schools in the United States offer adequate preparation for the required entrance examinations, which are prepared by the College Entrance Examination Board in New York.

Graduates of colleges or of scientific schools of collegiate rank, and in general any scientific schools which offer adequate preparation for the required entrance examinations, which are prepared by the College Entrance Examination Board in New York.

The Summer Session, extending from June to September, includes most of the winter courses and a few additional courses for those who wish to continue their work during the summer months, in addition to special courses for teachers.

Technical trained experts who know how to impart the qualities which insure outstanding service supervises the manufacture of all Simplex Wires and Cables.
