Plan to Be Initiated This Year
To Further Interest in Public Speaking

MANY BENEFITS CITED
Faculty Members and Society Officers Enthusiastic

"I am heartily in favor of student presenting papers to their societies on a topic pertinent to their field. Re- gurers are beginning to realize the need for a more definite plan of work for students, and I think the work is developing along that line," said Mr. J. H. Stratten, before he left for another tour of the United States. Stratten, before he left for another tour of the United States, anticipates the plan of student papers. "The idea is being taken up with much vigor. All expressed the desire to include the findings made in a series of intersociety meetings," said Mr. J. H. Stratten. He also expressed the desire to see the plans made in a series of intersociety meetings. The plans are considered to be a success, and a definite plan of work is anticipated for the next year.

Business Lecture Series By Noted Men Begins Friday

Mass. Safety Council Calls on Tech for Entertainment

Prof. Tucker to Explain Course XVII to New Men

Any first year students, registered in Course XVII or other courses, who are interested in the course are invited to attend a lecture presented by Prof. R. M. Tucker. The lecture will be held in the Student Center on April 15 at 8:00 p.m. The lecture is designed to introduce the students to the course and to explain the objectives of the course.

M. I. T. Boat-house Flooded By High Water

In Charles

Nine crews Dowling Rowing - First Fresmen Use Special Tuxedo

High tide and strong winds visited the week-end last season's Tech Spring Bumps by severely damaging the Engineering Society's boat-house. Water has come up over the boat-house, and the boat-house is in danger of being damaged by the high tide. The boat-house is a prime requisite in every rowing camp, and it is expected that the boat-house will be severely damaged.
