THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY
Cambridge

The Massachusetts Institute of Technology offers Courses in Engineering and Science, each of four years' duration, leading to the degree of Bachelor in Science in:

- Aero nautical Engineering
- Architectural Engineering
- Biology and Public Health
- Building Construction
- Chemical Engineering
- Chemical Engineering Practice
- Chemistry
- Civil Engineering
- Electrical Engineering
- Electro mechanical Engineering
- Engineering Administration
- General Science
- General Engineering
- Geology
- Industrial Biology
- Mathematics
- Mechanical Engineering
- Metallurgy
- Military Engineering
- Mines Engineering
- Naval Architecture and Marine Engineering
- Physics
- Sanitary and Municipal Engineering

The course in Architecture is of five years' duration, and leads to the degree of Bachelor in Architecture. Five-year Cooperative Courses in Electrical Engineering and Railroad Operation leading to the degrees of Bachelor of Science and Master of Science are also offered.

Graduate Courses leading to the degrees of Master of Science, Master in Architecture, Doctor of Philosophy, Doctor of Science, and Doctor of Public Health are offered. The Courses leading to the degree of Master of Science include Cooperative Courses in Chemical Engineering Practice and Fuel and Gas Engineering.

The better high schools and other preparatory schools in the United States offer adequate preparation for the required entrance examinations given by the College Entrance Examination Board in June, or by the Institute in September.

Graduates of colleges or of scientific schools of collegiate grade, and in general all applicants presenting satisfactory certificates showing work done at another college corresponding approximately to at least one year's work at the Institute, are admitted to such advanced standing as is warranted by their previous training, and are given credit for their required subjects, including the entrance requirements, so far as they have been satisfactorily completed.

The summer session extending from June to September includes most of the subjects given during the academic year and in addition special courses for teachers.

Any of the following publications will be sent free upon request:

- Catalogue for the Academic Year (which includes the admission requirements).
- Summer Session Catalogue.
- Graduate Study and Research.
