A. E. GLIDER CLUB TO TRAVEL TO CAPE

Plans Are Laid to Test New Glider During Vacation

During the April vacation the Aeronautical Engineering Society will make a trip in the hope to fly their new glider to Cape Cod. Members of the society must have filled in a certain quota of heavy work on the glider. At the present time about twenty men are signaling their interest in the work, and the club is now in a position to try to find one who (the Christmas holidays.

When the ceiling is open, the glider, if it has not been cracked up, will be flown this year. The weather seems to be favorable. The club's last year's glider has been taken to a site for the coming season.

Catholic Club Will Hold Lenten SERVICE

The Catholic Club of Technology will hold its annual Lenten service on March 23. Communion Breakfast will be held at St. Louis, Mass. on the morning of this date and will be provided by the Spirit of the Church Recreation Committee, who will also provide a Lenten service. Free transportation will be provided from the Colonnade to the hotel for breakfast.

For the benefit of those who will be attending the Lenten service, the Colonnade will be open at 6:30 p.m. on the evening of the 23rd. The service will be held in the Colonnade at 10:30 a.m. on the morning of the 24th.

Source of Cabin Lumber Revealed By Investigation

Site of T. C. A. Cabin Leased For Nine-Nine Years For One Dollar

Technology CHRISTIAN ASSOCIATION's site of the Cabins is in the Catskill Mountains. The Club has purchased 89 acres of land from the Chalmers, Paine, and Swain estate. The purchase of the lumber was accomplished by Russell A. Ford, who besides having charge of the Institute's funds is also treasurer of the Institute.

No furniture is available for the new cabin, so the Committee is attempting to purchase the necessary money even if the Association feels justified.

The necessary number of people have availed themselves of the cabins for more than three months of the existence. It is hoped that the cabin will be completed in time to be used for the summer.

Patrick J. McAughey, Dean at Boston College, will be a speaker at the lecture, and the following will be held at 10:30 A.M.:

For further information, write to the Secretary of the Club, 361 Massachusetts Ave., Cambridge, Mass.
