CREWS GET SET FOR NAVY RACES
Coach Heines Undecided As To Which Crew to Row As Varsity
Coach Bill Heines is deciding just now which of the two crew teams he will take to New York tomorrow. It is known that he will take at least one, but he has not yet decided whether he will take the Varsity and the Freshman, or have one crew in each boat. The varsity has 12 members and the freshman 14.

The varsity, according to reports, is in better condition than the freshman team, but the freshman may have the better oarsmen, and Heines may decide to take one of each boat to make the strongest combination possible. Coach Heines has called an urgent meeting of his crew and has charged them to hurry to New York on their own time, as he will not take the varsity crew to New York if he cannot find a place to work out.

According to reports, the varsity crew is in better condition and the freshman is the better oarsmen. Coach Heines is undecided as to which crew to take to New York. He will decide tomorrow morning whether to take both crews or not.
