How Many Text-Books

"Flunked Out" Last Semester

Elaborate treatment is a stiff test that every M.I. T. text-book must go through. Very few come out with honors. Many flunk hard and are dropped. And that's expensive for you. Text-books bound in Deny FabriKoid can be used確かに in the hardest tests. FabriKoid is a specially-treated material that is wear-destroying, tough and durable. At the same time, as you probably know, FabriKoid books are attractive and good-looking. What's more, they keep their used books. For FabriKoid may be washed and scrubbed away as a whole. Ordinary paper and water do not do this. FabriKoid bound books are the answer to your problem of having beautiful looking books that "stand the riff." FabriKoid bound books have proved their long life time and time again. Ask for books bound in genuine de Pont FabriKoid.

Captain Dunn is in the hospital, with a non-operated Jones, shifted to Number One Man still absent, second ranking player, and staff of the other one switched in. The Technicians will step up a piece with Rogers and Penn
