**THE TECH**

**Review of Year’s Activities**

Under the leading of President Coolidge and the able direction of the officers of the student body, the Tech of this year has given to the nation its largest freshman camp, its most successful freshman camp in the history of the Tech, and one of the most successful of all freshman camps in the history of the country. The Tech has had a large share in the activities of the New England Lakeside Association, and has exercised a great influence on the movement for world peace. The Tech has had its fair share of sports, and has made a large contribution to the athletic life of the nation. The Tech has been a model student body, a model fraternity body, and a model university body.

Of course, it is impossible to enumerate all the activities of the Tech in a single article. But it is possible to name a few of the more outstanding ones.

**NEW ENGLANDERS**

To the Tech of today I say: "Welcome!" To the Tech of tomorrow I say: "Keep up the good work!"

**UNDERGRADUATE NOTICE**

All Graduate students having examinations scheduled after May 8th, June 1st, and all Seniors having examinations scheduled later than Friday, June 5th, shall apply for special examination on the regular examination days. The examinations shall be given in the usual manner.

**NOTICE**

Seniors receiving a photocopy of their complete scholastic records at the beginning of the session, may make arrangements with the Office of Records, Room 4-116, to have these sent to them by the end of the week of Walker Monday afternoon.

**NOTICE**

One of our aspiring Soph politicians has come up with an idea. One of the most successful Soph politicians of recent years has suggested a new method of electing the president of the student body. The method is as follows: (1) under- graduates; (2) faculty members; (3) Alumnae; (4) outside guests having a purpose in seeking to influence the purpose of the Soph seniors. The method has been adopted and will be used in the future.

**Establishment of T. C. A. Museum**

The Techals have established a T. C. A. Museum, and are now in the process of making a collection of samples of the various materials used in the Tech. The collection will be open to the public, and will be located in the basement of the Tech.

**Largest Freshman Camp Last Year**

The Techals had a successful freshman camp last year, and are now making plans for another. The camp will be held on the Tech grounds, and will be open to the public.

**Dances**

A dance will be held on the Tech grounds on Friday, May 15th. The dance will be open to the public, and will be held in the Tech gymnasium.
