President Compton Welcomes Freshmen to the Opening Assembly

The Importance of Applied Science in Releasing Depression

President Compton, in his address at the Opening Assembly, emphasized the importance of applied science in releasing depression. He said, "We are at a time in our society when every- one is wondering what is ahead of us, and the conditions, President Compton said, "We are covered for supplying the opportunity to continue the work."

Many Attend Assembly

"Applied science is not an end in itself, but is the most powerful means ever dis-covered for supplying the opportunity to lead in the cheers and songs, and will enter-tain the entire student body."
