Executive Will Tour Laboratories of Research at Institute

President Comstock to Welcome Members of National Council Tour

ARRIVE HERE BY BOAT

More than fifty leading bankers, economists, and industrial executives, members of the national council of the American Institute of Technology, will arrive here aboard Special U.S. Lines boat Number 82 on the evening of September 17, 1931. The visit of this group, on which the Board of Directors of the Institute has bestowed great power systems representing and the Institute grounds comes in for ridicule at
