Coca-Cola Company Chases Business Depression Blues

In the last quarter the Engineers ran the ball to the north end of the field and discontinued the game on a third down instead of a fourth when a punt would have been risky.

Second half was the same as that in the first. Winthrop, who carried it back again, and the second half was the same as that in the first. Winthrop, who carried it back again, and

Two of these shells contain men who are competing for places on next year’s varsity. The number of members in the squad now is fairly large. At first there was a suggestion that a few
