**New Students Meet to Do Boy's Work**

Boston Settlement Houses are Described to New Men

At a meeting yesterday evening of the students interested in doing boy's work, Mr. W. Dominy Russell described the nature of the work done by the branch of the Young Men's Christian Association, and outlined the advantages to be gained by volunteering in it.

He spoke of the 46 settlement houses located in Greater Boston and of their relation to the 25,000 boys in the poorer sections of the city. There is a need for a large number of men to act as leaders in this work, and volunteers are especially desirable.

**Another Meeting of T.C.A.**

Several of the new students interested in this work did not appear at the meeting. Mr. F. G. C. Fincher of Tech addressed the members present at the meeting, and the T.C.A. executive committee met for the first time in the office of Mr. C. L. H. Pickering, who is editorial secretary of the Christian Association.
