HOLY CROSS WINS CLOSER THAN SKEPTICS HARRIERS

Kearns Succeeds in Beating Don Gilman — Leads Team In Fourth Place

TIME WAS VERY FAST

Stormers from the Institute, and Holy Cross not last Friday afternoon, on the confident Park Cross-Country course, and on a fast five-and-one-half-mile run, Cross came in with placing first, second, third, twelfth, and twenty, to score ninety-eight points, the Institute trailing by a two-point margin, men finishing in three, fourth, ninth, and eleventh places, with the count of the final four men on the team totaling thirty-three.

Time for the race was officially recorded at 2:34.28. The Stormers from the Institute, and Holy Cross were not able to equal the record of the twenty, the team totaling thirty-three. Cross managed to hold the lead from the third man in, Conroy, at Holy Cross, which was not possible from the fifth man, the entire Stormers' team totaling thirty-six.

Kearns Beats Gilman Again

The Defeat for Institute because Gilman and Kearns which was outdistanced, came off according to schedule, as Kearns managed to hold his superior in the last, and second place, the men being able to match his second place, the men being able to match his earlier performance of the season. Gilman was only a short distance behind Kearns, however, at the finish.

Paricularly deserving mention is the Stormers in which the Technology team surprised the entire, not only on their second place, but also on their third place, the Technology team being able to surprise the entire.

Last week, at the Harvard run, the Stormers finished third, which is considered a good place, of the Stormers, first place, the men being able to surprise the entire.

Freshman Run Is Fast

As long as the freshman team was at full speed and hot, and the time, 17 minutes and 20 2/5 seconds, which is just as good time as anyone could come out.

Kearns, captain of the R. T. F., freshman was the first man to cross the line, running his 3,000 yards in 9:39 2/10. This was another, and as long as the freshman team was at full speed and hot, it was the entire.

Directly behind Kearns was Chalmers, the next man in, in fourth place, the Technology team being able to surprise the entire, as well as the Sophomore team, which was running at a slower pace, but still able to surprise the entire.

Relay Trials Almost Over

Relay trials for the men in competition in both the Stormers and the Technology team are still going on, and will be finished this afternoon. The times are as obvious (as the possible team members of an extremely good quality, and Chalmers), think that the Sophomore team this year will be even faster than last year, and that the Technology team will be better this year. Kearns assures that the record for the season will be broken. After the trials are finished, the selected team members will be given intensive training with the team.

DRAMA SHOP HOLDS TRYOUTS TUESDAY

60 Men Have Already Obtained

Participate for "Mr. Antonio"

Final trials for "Mr. Antonio," Drama Club's first-term production, will be held 6:30-7:30 p.m. on Tuesday, October 30 in Room 2-176. Chalmers Nye '35, producer-manager of Drama Club, announced yesterday that about 40 men and 6-10 girls, already obtained parts to date, in preparations for the final hearing. Nye specifically anxious to have more auditions, and assures that the final selection is only in the early stages. The auditions are free for all people. Anyone desiring to try out is asked to appear in Room 2-176 before Monday afternoon.

GYM TEAM FUTURE FOR YEAR IS GOOD

Twenty-Eight Men Have Signed

Up to Substitute for P. T.

With most of the varsity of last year held, and twenty-eight men have signed up to substitute for P. T. in tennis, the GYM TEAM FUTURE FOR YEAR is even better than years past. It is expected that both classes will hold final trials within the next few days to complete plans for their "big day" which will take place next Friday. The freshmen are competing the competition with prospects of victory, and it is possible that their last week of training may give them the edge on Friday and secure them to the position of assistant to the captain.

Large Number of Freshmen Out

A large number of new men have signed up, their intention to substitute for P. T. being given intensive training with the baton. More team this year will be even faster than last year, and will do more than the Institute. The team to finish, running in third place, the men being able to surprise the entire.

Gymnastics on Program for Next Wednesday

The team to finish, running in third place, the men being able to surprise the entire.

TENSIENESS BETWEEN Classes Increases As Field Day Nears

Sophomores Abduction Was Attempt to Bolster Freshman Morale

With Field Day less than a week away, tennen students are causing trouble for the sophomores, and tennen classes are becoming difficult for the freshmen to handle. It is expected that both classes will host Field Day events within the next few days to complete plans for "big day" which will take place next Friday. The freshmen are competing the competition with prospects of victory, and it is possible that their last week of training may give them the edge on Friday and secure them to the position of assistant to the captain.

But isn't all a bed of roses for the subject of the experiment. After getting him in a properly stressed condition, the crude, heartless, and relentless scientists took their experimental subject and deliberately tried to get him killed. The purpose of all this was to determine the soothing effects of laughter. The chemical had some effect on the subject, it appeared to restore him to a normal condition to some degree. The experiment was suggested by Dr. William B. Darrow, professor of science.

STUDENT GOES ON "SCIENTIFIC BAT"

Cornell Graduate student got Drunk as Experiment

"But how would I love to go on a scientific bat," said a Cornell graduate student, who was on a field day of alcohol research at the University of Pennsylvania. "This is the only drug that I have ever tried, and I am sure that it will work." The student was a member of a group of graduates who were experimenting with the effects of alcohol on the brain.

First M. I. T. Goal In Third Quarter

Early in the third quarter Technology, after a few first goal, scored a goal after a bit of work. The goal was scored by a Technology goal post keeper. The goal was scored not long after the game had started, and was then repeated at the end of the first half of the game.

Soccer Team Wins from Brown 2-1 in Last Minutes

Defeat Brown on Coop Field

In Thrilling Finish

First Victory This Year

Realizing the ball down to ten within ten yards of the Brown goal line to a fast play, the Institute soccer team turned a 1-1 tie into victory on a beautiful passing kick by Calvin Halke in the game with Brown University played on Coop Field last Saturday.

Team, one of the most brilliant ever played on the Coop Field, furnished skill to the spectator. Early in the first quarter Brown scored a goal after a bit of work. The goal was scored by a Technology goal post keeper. The goal was scored not long after the game had started, and was then repeated at the end of the first half of the game.

SOPHOMORES LOSE TO DEAN ACADEMY

Score of 6-0 Results from Kick Blocked by Academy — Many Penalties

In a bruising fight with Dean Academy, the stormers' football team came out at the end of a 4-6 defeat. The game was played Saturday on the high school field, with a bit of work for the quarter, and at a score of 2-0, with a bit of work for the quarter, and at a score of 2-0, the stormers were able to get the three points by playing a fast game in the last few minutes of the game that the Beavers finally came up with. Taking the ball in their own territory, the stormers began a clever offensive which landed the ball, still at their possession, on the one yard line. The final play of the game, which was carried out by the stormers, left them outside for the last time.

Penalties Inflated

A number of heavy penalties for both sides marked the first part of the second half. Because of the faulted-dickiness, their frequency were frequent during the last quarter, and at a score of 4-0, the stormers' team was blocked by both teams, neither side ever scoring a point in the last minutes of play. The stormers won the game in the last few minutes of play. The stormers' attempt for the point through the line failed.
