CANNIBAL CONSIDERS ARM "A FINE BONE"
(Continued from Page Two)
International House in Cambridge in 1924, and to head it for a year. The Chinese Flood Relief Committee recently organized by students at the Institute is finding Mrs. Raw a valuable aid, as have half a dozen other welfare and religious organizations in Boston and Cambridge. In her new dual role at Technology, Mrs. Raw is to see her own work, "feeling very well," but apparently is having no difficulty in discovering means for aiding many students. At one who is never too busy to talk, who listens as well as she tells, and brings to her friendships a wealth of experience combined with young enthusiasm, she should soon find an indispensable place at Technology.

An economic revolution is in progress at Rhode Island State College, where for nearly forty years profs have been obliged to serve as their own milkmen. Hereafter milk from the college herd of forty cows will be bottled and delivered to Faculty members at twelve cents a quart.

COES to STODDER 10 to 14 SCHOOL STREET

The Purdue University women are now given the opportunity to attend a "charm" school, where they learn such important things as how to hold a cigarette gracefully, and how to avoid spilling cocktails on their best party gowns.

SMOKERS are of too much sweetness in a cigarette, and they don't like rawness. For a steady diet, they want a cigarette like CHESTERFIELD -- a mild and molten smoke, free from any over-sweetness or any harshness or bitterness. That's why more and more smokers every day are changing to CHESTERFIELD. Good... they're got to be good.
