President Lowell
Of Harvard To
Speak at Dinner
Nearby 600 People Will Attend
Annual Dinner-Dance

The annual dinner and dance of the students of the Institute dormitories will be held at the West End Club on Saturday, January 23. The speakers at the dinner, which will be held in honor of the President, will include President A. Lawrence Lowell of Harvard University, President Rarey F. Cogswell of the Technology, and Professor Robert R. Roper of the department of English at the Institute.

Preceding the dinner a reception will be held in the honor of President Lowell, and Mrs. Campbell W. Doten, Mrs. William T. Harris, Mrs. Henry M. Dubin, and Mrs. Louis H. P. Hamilton. Nearly 600 students and their friends will attend this annual dormitory dance, and there will be dancing until 1:00 a.m. -

TRUCK LINE OPERATOR JOB MEETINGS

Notices are being issued to the students of the M. & A. truck line which ply between New York, Springfield, and Boston, to address a joint meeting of the students of this line to which the teachers of the School of Commerce are also invited to attend.

Ticket sales for the meeting, which will be held in the Faculty Dining Room of Walker Memorial, are 25 cents apiece. They may be obtained at the door. All members of the Faculty and student body are invited to attend.

Expert in Trucks
Speaking as a fully qualified expert on truck transportation, Mr. Maltin will be present to explain the different types of trucks. He maintains that the future of competitive manufacturing trucks and truck equipment lies in the hands of those who can fulfill these needs.

UNEMPLOYED ENGINEERS OFFERED FREE COURSES AND LECTURES AT INSTITUTE

Engineers and architects who are now unemployed are invited to attend a series of lectures at the Institute, according to a post announcement by President Karl T. Compton.

Twelve courses started yesterday and will continue through May 8. Others will be added if enough applications are received. All courses are free of charge to members of the Faculty of Technology, and are offered with the hope that they will be helpful professionally to those engineers and architects who wish to broaden their knowledge in anticipation of future opportunities.

The committee appointed by President Compton to organize the courses consists of Professor Charles F. Park, chairman; Professor W. D. Dawes, and Registrar Joseph C. MacElrinnon.

MACHINE UNEMPLOYMENT
Now Hits Apple Paddlers

Bosses of the great apple companies have learned that the demands of the science of materials, the Institute has undertaken to fill the void in knowledge of this science to the greatest extent possible. Mr. Maltin will be present to explain the different types of trucks. He maintains that the future of competitive manufacturing trucks and truck equipment lies in the hands of those who can fulfill these needs.

TECH BOAT CLUB WILL GIVE DANCE SATURDAY

Follows Basketball Game, Hope To Raise Money for the Freshman Crew

With the intention of raising money to be used for scholarships in the navy, the Tech Boat Club is sponsoring a dance which will follow the baseball game with Lowell Tech on Friday evening, February 12.

This dance takes place at the usual Boat Club location.

Dancing will start at 8:30 o'clock to the music of the Harvard College Orchestra.

There will be refreshments served free, and a second orchestra will be engaged but if a large number of sign-ups are sold, a second orchestra will be secured. The dance will hardly be definitely set for March 12.

Sign-up Campaign Opens

Fruitful in a way quite unlike other fruitful campaigns, the Tech Boat Club dance promises to be particularly fruitful in raising money for college scholarships.

One man will be chosen at random from the list of men who have signed up. A few tickets will be promised to men whose names are drawn and the sign-up fee will be returned. The dancing will be conducted south westward in secret by a prophetic Technologist and the results will be announced on February 23. A list of the winners will be drawn for every 50 dollars that is turned in and it is hoped that their names will be opened for the benefit of those who have not yet had their chance.

A special note of interest to all is the fact that the tech boat club dance will be the first held on the campus of the Massachusetts Institute of Technology.

Establishment of the scholarship, which will be awarded annually for five years beginning next fall, was made at the request of the Institute.

The scholarship will have a maximum of $2,000 and will be awarded to any student who has been recommended by the class presidency and the Junior Class for the purpose of assisting students to carry their extra points there is a possibility that this scholarship will be awarded to a graduate student after the junior class has been exhausted.

The amount of the scholarship will be determined by the committee appointed to make the final decision on this matter.

SCHOLARSHIP ANNOUNCED

$500 Scholarship Made Here Today

Award Also Provides for Three Years Employment After Graduation

A scholarship of $500, providing first tuition in the department of Building Construction at the Institute, has been established by the New England Branch of the Associated General Contractors of America, Leonard C. Watson, chairman of its educational committee, announced.

In addition to full tuition for the first year, the scholarship also provides for the student to receive a position for three years after graduation in the department of Building Construction.

Eligibility for the scholarship will be determined by the committee appointed to make the final decision on this matter.
