STUDENTS HAVE TO TEACH THEMSELVES SAYS PRES. LOWELL

Addressed Throng at Dormitory Dinner Held Last Friday

500 PEOPLE ATTEND DANCE

All students must educate themselves, asserted Pres. A. Lawrence Lowell, who honored guests at the annual dance of the Dormitory students, held in the main hall of Walker Memorial last Friday evening. A student, he said, cannot depend on professors or on the instructor, the tutor, the advisor, the dean, the counselor, the classmate, the professor, the student councils, or the campus newspapers to do the educating for him. The student must take the initiative in his own education.

President Compton Speaks

President Karl T. Compton said that psychology should play an important part in college life, and that it should be adopted by Harvard, is a rational and practical science, as there is a real need for those who are interested in dramatics. The House Plan requires that the students interested in dramatics enter the first two years of the course in various schools in the same dormitory hall.

Tryouts Start Tomorrow For "The Queen of Hrodanoi"

By R. E. Sherwood

"The Queen of Hrodanoi," a farce-comedy by Robert Sherwood, will be presented by the Dramashop as their second tech project. If all goes well, the cast will be held to the week before the first Monday of April, and on Wednesday after the 28th of March at 8 o'clock in Room 3-176 under the direction of Professor Dean Fuller of the English Department.

Open House at Dormitories

The annual Dormitory Open House sponsored by the Dormitories and on the day of Senior Nominations will be held at the Dormitories. Immediately after the concert, you will be guided for the dance. It is interesting to see how the event is attended by the students.

Price Five Cents

TECH has learned from what is known of the Dormitory house plans that the number will be limited. It is believed that the number will be limited to not more than twenty students being put on sale early to allow room for newcomers to the school. The tickets will be on sale at the School. The tickets will be on sale at the School. The tickets will be on sale at the School. The tickets will be on sale at the School. The tickets will be on sale at the School.

Develop New Cure For Ricketts Here After Many Tests

Professor Barker announces Revolutionary Discovery in Science Lecture

Development of a new cure for rickets by means of synthetic organic rickets was announced by Professor John W. M. Barker at the Society of Arts science lecture at the Institute, yesterday. These new compounds, which can be prepared in any laboratory from a variety of substances, were developed to meet the demand for a new cure for rickets. The new cure, it was said, would be a world-famous cure. It may be that the demand for a new cure for rickets will be the last."
