DATE CHOSEN FOR SPRING ELECTIONS

The Institute Committee has officially approved Saturday, April 23, as the day on which nominations for class officers will close, and Wednesday, April 27, as the day for elections. At this time all class officers for the next academic year will be selected.

While no definite statement on electioneering has yet been issued by the Institute Committee, this matter is scheduled for discussion at the meeting Monday afternoon. When the elections commence, the committee will be permitted this spring.

YALE TO BE FIRST FOE OF ENGINEERS

scheduled to meet Yale on the 23d, the Technology swimmers are undergoing some real training. Bill Hamlin is putting the various crews hard during their afternoon workouts and his efforts are having a very noticeable effect on their performance. Several time trials have been held over the Henley distance, and though the actual results are withheld, it is apparent around the boathouse that they have proved far from disappointing.

The training schedule as it now stands calls for two practices a day during the vacation. Coach Holton plans to get the men on the basis by about 11 o'clock in the morning and 3 o'clock in the afternoon. Besides the workmen who have proved so essential to mechanics on Memorial Drive, the hard-working swimmers have been taking care of the university, especially to the University Hospitals Group.
