CABIN PLANE NOW MAKES DAILY TRIPS TO UPSTRAIGHT"

Meteorological Department Uses Modern Instruments in Research

President and Mrs. Karl T. Compton opened the academic session on August 30th by giving a reception and tea for the Faculty last Saturday afternoon from four o'clock to half-past six. This affair afforded a chance for the members of the teaching staff to get acquainted with the new professors and also to renew last year's friendships.

In the receiving were President and Mrs. Compton, Virus and Mrs. Vannevar Bush, Dr. and Mrs. Harry M. Goddard, Dean of Students, Dr. and Mrs. Samuel C. Westcott, Dean of Science; Professor and Mrs. William Emerson, Dean of Architects; F. and Mrs. Ethel Niswalt, mother of the Dean of Students, Harold E. Leach.

This was the first time this season that the Dinner of Science, Engineer-
ing, and Architecture, had appeared together at a social affair.

VARSITY HARRIERS WORK ON HARVARD COURSE SATURDAY

Start Earnest Preparation For Meet Against Crimson

The Technology varsity cross-country team will begin its preparation for the meet against Harvard on Saturday. In preparation for the meet, the team has been training at the track house as candidates for this fall's yearling squad, being moreover in a triangular meet with Harvard and Dartmouth which will be held on their campus on October 13, two weeks from today.

Six lettermen and three members of the varsity cross-country team will form the nucleus of Coach Oser Hall's squad. Captain John Barrett, third-year boy from Proctor, New Hampshire, will head the team; Randall Smith, second-year boy from Billings, Montana; and John McCall, second-year boy from Winchendon, Mass., will be the co-captains.

The absence of many of the men with previous varsity experience has already resulted in the election of three new members to the team, namely: William A. Gorham, second-year boy from New York City; William F. Mittendorf, second-year boy from New York City, and Ewing P. Biddle, third-year boy from New York City.

The Technology Christian Association will meet for the first time this year tomorrow night at 4:30 P.M. in the back room of the Gypsy Moth restaurant near Gough's. All regular flights will be made this winter; the schedule will be announced later. All regular flights will be made this winter; the schedule will be announced later.
