MUSICAL SCHEDULE FOR COMING YEAR

(CONTINUED FROM PAGE ONE)

An orchestra of about 40 pieces usually comprises the Instrumental Club. Among the instruments in- cluded in the orchestra are violins, cellos, clarinets, double basses, all brass instruments, and drums. The music played is mostly classical, but lighter presentations there are waltzes, marches like "Poet and Peasant," "Light Cavalry," and "Over the Garden Wall," and marches like "The Light of Peace," "The Light of War," and "The Light of Victory." Opera songs like "Vivat Victor," "Omar," and "Viva La Novia," are sung. Concerts are given in the auditorium and in the East Lounge of Walker Memorial.

Freshmen Lack Interest in Managerial Positions

Although the Class of 1936 has been, as a general thing, showed excellent spirit, a respect in which the freshmen are completely dormant has been brought to light. It seems that the public relations manager of the Athletic Association, has revealed that to date only two freshmen have reported to respond to calls for managerial candidates. This incident all the sports at the Institute.

At least thirty men are needed to fill all the positions offered to 1st-year men, so that the chances of finding a manager's job are very good. If any members of the Class of 1936 wish to remove this stain on their good name, they should report to the A. A. Office on the third floor of Walker Memorial.

Society slider when it cracked up last Sunday afternoon was Wallace De Lappan G. and not C. W. Freuwanger, '32, as was erroneously reported in last Monday's issue of THE TECH. The Society has also announced that although the slider was built under the direction of George P. Bessey, '34, a large portion of the work was done by James E. Benedict, '34.
